FORTIETH CONGRESS.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, June 11, 1868.

SENATE.

Mr. YATES reported from the Territorial Committee a bill admitting Colorado.

The joint resolution granting permission to officers and soldiers to wear badges of the corps in which they served during the war, was passed.

Mr. CATTELL presented a resolution of the National Board of Trade in favor of the House bill to facilitate the import trade of the United States. Referred.

The bill for the relief of certain naval contractors was considered. Mr. HOWE'S amendment declaring the award to be in full of all claims; was rejected, and that of Mr. HENDRICK'S, making it a full discharge of all claims on account of the vessels upon which the Auditing Board made allowance in their report, was adopted, when the bill was passed.

Mr. SUMNER moved a reconsideration of the vote on the passage of the bill to admit the rebel States, and it was reconsidered to allow Mr. YATES make a speech.

Mr. YATES then spoke in favor of the doctrine of equal rights to all.

Mr. SUMNER then withdrew his motion and the bill to continue the Freedmen's Bureau was taken up, Mr. HENDRICKS speaking in opposition.

Mr. HENDRICKS characterized the bill as an attempt to continue a political domination, saying that the people will condemn that as well as the other reconstruction measures.

Mr. DRAKE called the speech a plea for the Democratic candidacy.

Mr. WILSON defended the Bureau as having been more than self-supporting, and expressed the opinion that, while the rebel States will be divided, Grant will have twenty Northern States.

The debate was continued for some time by Messrs. Patterson (N. H.,) Hendricks, Davis and others.

Mr. DAVIS in the course of his remarks, yielded to allow Mr. STEWART to introduce a bill relating to the contested elections in the City of Washington. Referred to the Committee on the District of Columbia.

Mr. TRUMBULL called up the bill to relieve the political disabilities of Roderick R. Butler, of Tennessee.

The Committee on Judiciary reported a substitute relating to the disabilities and requiring as a prerequisite to the holding of office on oath, simply to 'support the Constitution of the United States, and give faith and allegiance to the same, and faithfully discharging the duties of the office.

Mr. DAVIS moved to amend by inserting after the names the words "and all other persons."

Mr. SAULSBURY suggested the words "or any other citizen of the United States."

Mr. DAVIS accepted the amendment, and called for the yeas and nays, and it was rejected, the five Democratic Senators present voting aye.

The substitute was then adopted, and the question being on the final passage Mr. BUCKALEW made a speech in opposition to the bill. He discussed the record of Mr. Butler, calling him the worst case that Congress could choose for this relief, and urging the injustice of this acting upon separate cases rather than making a general provision to apply to all who may be made the subject of such relief. The bill then passed by twenty-three to five, Messrs. Buckalew, Davis, Hendricks, McCreery and Wade voting nay.

Mr. Vickers was present but had paired with Mr. Patterson, of Tennessee, who would have voted aye.

Adjourned.

HOUSE OF REPRESENTATIVES.

Mr. MARSHALL sent to the Clerk's desk and had read a letter from Mr. Merrick, counsel for Mr. Woolley, the recusant witness, referring to a statement made the other day by Mr. Butler, to the effect that he (Butler) was in possession of telegram after telegram passing between Merrick, Woolley and Warden, the President's short hand writer. Merrick denies in positive terms that any such telegraphic correspondence had taken place.

The SPEAKER proceeded, as business of the morning hour, to call for reports from the Committee on the District of Columbia.

The bill to incorporate the National Hotel Company was passed.

The bill for the incorporation of the National Art Union Association, after a brief discussion, was tabled.

Mr. INGERSOLL yielded the floor temporarily to Mr. Hunter, who offered a resolution reciting the allegations as to father McMahon having been flogged in the Kingston (Canada) Penitentiary, because an Irish American Fenian paper had been found in his possession, and directing the Committee on Foreign Affairs to inquire into the fact.

Mr. WASHBURNE, of Illinois, asked Mr. Hunter to make an explanation of the case.

Mr. INGERSOLL—the gentleman does not want any explanation of the case except to use up the morning hour. [Laughter.]

Mr. WASHBURNE—My colleague had better keep his temper.

Mr. INGERSOLL—I have it. I object to the introduction of the resolution, as I let it in on consideration that there should be no debate.

Mr. WASHBURNE, I want some explanation in reference to the matter. I do not care about giving a Committee power to send for persons and papers, and put the country to expense without knowing something of the facts.

Mr. HUNTER (to Mr. Washburne) let it be referred.

Mr. WASHBURNE—I, will not let it be referred if I can prevent it, the resolution was then withdrawn.

M. INGERSOLL reported a bill recognizing the lease recently made of the Alexandria, canal and aqueduct, and authorizing the operation of a Railroad between Georgetown and Alexandria on the line of the aqueduct and Canal, the morning hour having expired, the bill went over till the morning hour on Tuesday next.

Mr. HUNTER introduced a resolution in reference to Father McMahon, having modified it by striking out the authority to the Committee to send for persons and papers, and it was agreed to.

Mr. ASHLEY, of Ohio, asked leave to offer a resolution in reference to the recently reported murders in South Carolina of Solomon Dill, of Camden, a member elect of the Legislature, of two colored men, citizens of the United States, and of others, and directing General Scott, the Governor elect, to bring the assassins to justice, to offer a reward of $10,000 dollars for their apprehension and arrest, and to place in close custody all well known desperadoes residing in that vicinity.

Mr. TRIMBLE, of Kentucky, objected.

Mr. BROOKS hoped there would be no objection, if the murderers of Democrats in Tennessee, Alabama and North Carolina were also investigated. Objection was not withdrawn.

Mr. DONNELLY introduced a bill regulating the disposition of land grants already made for a railroad from Stillwater to St. Paul, Minnesota. Referred to the Committee on Public Lands.

The SPEAKER presented a message from the President communicating information in reference to the recent treaty for the Osage Indian lands in Kansas.

On motion of Mr. CLARK the message was referred to the Committee on Indian Affairs, with power to send for persons and papers.

On motion of Mr. ELLIOTT the bill to promote American Commerce was postponed until Wednesday next.

The House went into Committee of the Whole on the tax bill. A vote was taken on the amendment offered last night by Mr. Ferry to exempt from special tax dealers in manufactured lumber and breadstuffs and the amendment was rejected.

Mr. CULLOM, of Ill., moved to exempt manufacturers of sugar from both; after discussion the amendment was rejected.

Mr. BLAINE moved to add a proviso that breadstuffs shall not be classed as manufactures. Rejected.

Mr. MAYNARD moved to add to the proviso exempting butter and cheese made for market in the United States. Agreed to.

All the paragraphs in the section imposing a special tax having been disposed of, the Committee proceeded to the next section, and a long discussion took place in reference to the payment of special taxes on the transfer of business from one party to another.

An amendment offered by Mr. PRICE that no such second payment shall be necessary was agreed to.

Mr. HOLMAN moved to amend section 95 by including among those who shall not be taxed, as manufacturers or dealers persons who make sugar or molasses from sorghum, the product of their own growth. Agreed to.

The Committee, at ten minutes past three, rose temporarily, in order to allow Mr. Butler to offer the following resolution:

Resolved. That Charles W. Woolley, having appeared before the Committee on Investigation, and answered all questions put to him by the Committee, and thus purged himself of his contempt of the House in that regard, be discharged from arrest and held only to appear and make further answer if required according to the summons.

Mr. BUTLER added that the witness had answered fully and distinctly every question which had been put to him, and there seemed, in the judgment of the Committee, no further reason for keeping him in arrest. His further attendance would be under the summons.

Mr. ROBINSON asked Mr. Butler to allow him to ask one question.

Mr. BUTLER—A simple question, that is all.

Mr. ROBINSON—Is it so that Mr. Woolly was originally arrested by order of the Committee, without an order of the House?

Mr. BUTLER—It is not so; he never was ordered by the Committee to be arrested.

Mr. ROBINSON—It is so stated by Mr. Woolev.

Mr. BUTLER moved the previous question, and the House was dividing on that motion when Mr. Eldridge expressed a desire to ask a question.

Mr. MAYNARD and others called him to order. The previous question was seconded and the resolution adopted, and the House again went into Committee on Tax Bill. A number of verbal amendments were made to sections from 97 to 102; the 102d section containing schedule B, stamp taxes, having been reached.

Mr. BLAIN (Mich.) moved to strike out the first paragraph, taxing agreements or contracts, and argued in support of his motion.

Mr. SCHENCK argued against it and said he regarded it as a test question on stamp taxes. Amendment rejected.

Mr. STEVENS, N. H., moved to amend the paragraph regarding assignments or transfers of mortgages by making it a uniform tax of twenty-five cents. Adopted.

Mr. GARFIELD, at twenty minutes past four o'clock, moved that the Committee rise, in order that he might submit a motion to dispense with the evening session. He remarked that he was informed that a proposition was now being matured which, if perfected, would save very much time.

The Committee rose and Mr. GARFIELD moved the evening session be dispensed with and the morning continue its session till five o'clock.

Mr. SCHENCK urged the continuance of the session till past five.

Mr. GARFIELD then insisted on the single motion that the evening session be dispensed with, and the motion was agreed to by 52 to 46.

Mr. GARFIELD then moved to go into Committee of the Whole remarking that the Committee might continue in session as long as it chose. He had made a motion out of no hostility to the Committee of Ways and Means.

Mr. BENJAMIN moved an adjournment. On count by letters the vote was 47 to 51.

Mr. BENJAMIN demanded the yeas and nays.

The vote resulted yeas 50, nays 51, so the House refused to adjourn.

On motion of Mr. BENJAMIN, the Senate amendments to the bill to admit the States of North Carolina, South Carolina, Louisiana, Georgia and Alabama to representation in Congress were taken from the Speaker's table and referred to Committee on Reconstruction.

The Mayoralty Imbroglia—Mayor ad interim Elected—Commissioner Rollins's Letter of Resignation—Nominations by the President—Charges Against Gen. Butler—Woolly Examined, &c.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, June 11, 1868.

THE MAYORALTY IMBROGLIO.

The Conservative members of the two boards of the Washington City Councils met in joint session last evening, and were greatly encouraged in their proceedings by the appearance of the Republican Alderman of the First Ward, who claimed that the board of which he was a member was not properly organized, and therefore he took his seat among the Conservatives. The Committee heretofore appointed reported that they were still unable to obtain the returns from the Republican Register, in order to count them so as to determine who is elected Mayor. Under these circumstances they offered a resolution, which was adopted, that the joint meeting adjourn till to-morrow afternoon, for the purpose of electing a Mayor *ad interim*. A resolution was adopted inviting Republican members to attend on the occasion.

The Conservative members of the City Councils, joined by Mr. Lamon, one of the Republican Aldermen, forming a quorum of each board, proceeded to City Hall this afternoon for the purpose of holding a joint meeting. The object, as previously published, being the election of a Mayor, to serve *ad interim*, until the question whether a Mayor has been legally elected could be settled. They found the doors of both chambers locked and the keys carried off. They had a locksmith with them, but the policemen prevented them from forcing an entrance into the chamber. They, however, proceeded to the basement, where they organized in meeting. The President made an address, in which he said their object was not to violate any laws, but to have the question of Mayoralty settled in strict accordance with the charter. A preamble and resolution were adopted setting forth that by the action of Sayles J. Bowen, who assumes to be Mayor, and of A. C. Richards, Superintendent of Police, the Aldermen and Common Council have been excluded from their regular places of meeting, and providing for the appointment of a committee to employ eminent counsel and bring to summary justice said Bowen and Richards, and other aiders and abettors in the unwarrantable proceedings. Ex-Alderman Lloyd was elected Mayor *ad interim*. There was much excitement in and about City Hall during these proceedings.

THE RESIGNATION OF COMMISSIONER ROLLINS.

The letter of resignation of Commissioner Rollins, to the Secretary of the Treasury resigning his office, to take effect when his successor shall be qualified, is made public. He states as reasons for his resignation that after the Philadelphia Convention there were numerous removals of assessors and collectors of Internal Revenue throughout the country for political considerations, and produced a sad blow to the reputation and efficiency of the service. They were made regardless of his wishes as Commissioner. He would have resigned long ago, but yielded to the judgment of his friends, who thought the public interests might be promoted by his remaining in office. All nominations since have been made without a reference to his opinion of their fitness, and his recommendations for removals, even for grossest misconduct have been almost universally disregarded. The Assistant Assessors and Inspectors appointed in accordance with the usage by the Secretary upon the nomination of Assessors and Collectors are either dishonest or incompetent, and their removal, he sees no hope of securing. While he continues in office he is sought to be made responsible for their failures, although absolutely powerless to prevent them. He closes with an acknowledgment of the personal and official kindness of the Secretary towards him.

NOMINATIONS SENT TO THE SENATE.

The following nominations were sent to the Senate to-day: C. K. Hall, Collector of Customs in the District of Texas; E. C. Darlington, Collector of Customs, Yorktown, Va.; Jos. Forsyth, Collector of Internal Revenue, Fifteenth District of New York; William Raymond Lee, Assessor of Internal Revenue, Third District of Massachusetts; Charles J. Barbour, Appraiser of Merchandize, Portland, Maine.

The Canadian Public Debt—Troops Held in Readiness—Arrest of Garner, the Reading Bank Robber—Detective Cullen Better.

[By Telegraph to the Pittsburgh Gazette.]

MONTREAL, June 10.—A dispatch from Ottawa says there is a prevalent rumor that the English Government wishes to stipulate that the Canadian Government shall not increase the public debt till the guaranteed loan to build the International Railroad is repaid. It is not believed that this condition will be complied with. The question will occupy the attention of the Minister of Finance while in England.

A moveable column, composed of the first battallion rifle brigade, the forty-third volunteer battalion, the Ottawa field battery, and Frontevars cavalry, are held in readiness to proceed under orders at an hour's notice. The force will be commanded by Lord Russell.

Detective Cullen is said to be slightly better and hopes are entertained of his recovery. Garner, who shot him, was arrested under the extradition treaty for forgery. The gang, all of whom are under arrest, were on the point of starting for England.

MONTREAL, June 11.—Garner, who shot Detective Cullen, robbed the Reading, Pa., banks last year of two hundred and fifty thousand dollars, and, with his accomplices, has been living here in high feather, has been arrested. His wife and Donaldson's wife were also arrested, but released. Donaldson and Garner are still in custody, but will be released unless the authorities of Pennsylvania telegraph for their retention.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, June 11.—The writ of *quo warranto* served upon Mayor Conway is returnable on the 15th instant. Mayor Conway is discharging the duties of his office. To-day he appointed Robt. E. Diamond as Chief of Police. The present Chief of Police endorsed on a copy of Mayor Conway's order served upon him, that he "did not recognize the Mayor's authority as sufficient to remove him, having been appointed by the Military Commander to serve until further orders, and the military order for his removal not having been issued, he declined to turn over his office to Mr. Diamond or any other person until relieved by the competent authority." Mr. Williamson is in possession of the office this evening. All the newly elected Aldermen, except one, and a quorum of the Assistant Alderman have been qualified. The old Recorder of the Third District refused to vacate without military orders, which were promptly furnished the newly elected Recorder upon making application at the Headquarters, and, in pursuance of which, he took his seat and proceeded to business.

The Special Order, No. 128, dated yesterday, issued by Gen. Buchanan, sets aside the injunction granted by the Fourth District Court, on the applications of the citizens, and staying the collection of the Convention tax. The Collector will proceed at once to collect the taxes imposed by the Constitutional Convention.

MONTGOMERY.

Alleged Disgraceful Political Conduct of Soldiers Ably Rebuked by a General Order of General Shepperd.

[By telegraph to the Pittsburgh Gazette.]

MONTGOMERY, June 11.—On the 5th of June the Montgomery, Alabama, *Advertiser* contained the following paragraph: "We are requested by the soldiers on duty at this place to state that at the nigger carpet bag and scalawag meeting held at the Capitol on Saturday night, the soldiers gave three groans for Grant, three cheers for McClelland and three cheers for Andrew Johnson. They were given by the soldiers with a hearty good will and rolled from the capitol to the artesian basin. We are also requested by these soldiers to state that any assertion contrary to this is a base falsehood. The soldiers say they are white men, and have no love for carpet-baggers and scallawags."

In consequence of the above, the following order, which appeared yesterday, has been issued by Gen. Sheppard, commanding the Sub-District of Alabama:

Montgomery, June 6th, 1868—General Order No. 22.

The issue of the Montgomery *Advertiser* of yesterday contains a statement which, if in the slightest degree true, deserves the reprobation of every right minded soldier in this sub-district. The statement alluded to applauds, incites and stimulates soldiers to insubordination and disgrace by the publication that some have uttered groans against the General of our army, to whom the country has awarded such a commission for his services in the suppression of a rebellion aimed at the destruction of our republic and our freedom as a people. The soldiers in this sub-district are therefore assured that it is a plain duty to rebuke in a becoming manner every effort made by the publishers of newspapers, or by other individuals, tending to incite disgraceful acts and insubordination, and also to abstain from any expression of political opinion as to persons or parties. Thus may soldiers make manifest that they are meritorious and incapable of being led astray by evil minded persons and least of all by those who have caused the pall of death to cover a million soldiers.

O. L. SHEPHERD.

The Great Aquatic Race Between Hamill and Coulter.

Sporting circles are very much excited over the race which is shortly to take place on the Schuylkill, at Philadelphia, between our fellow townsman, James Hamill, and Henry Coulter, for two thousand dollars and the championship of American waters. It is a matter of pride that the two foremost oarsmen of American waters are residents of this city, while we have several others here who are in training that will likewise take their place ere long as competitors for aquatic honors. In speaking of the great race, the *Clipper* remarks:

In less than a week from the date of this paper the big match between the two foremost oarsmen of American waters, James Hamill and Henry Coulter, for two thousand dollars and the championship, now held by the former, will, providing the elements prove favorable, be brought to an issue on Schuylkill river at Philadelphia, and it may reasonably be expected that the event will draw together the largest gathering of spectators which ever assembled to witness any aquatic display in this country, as in addition to the thousands residing in the immediate neighborhood of the course who will turn out to witness it, there will be a large exodus from the metropolis, while the fact of both men hailing from Pittsburgh will induce a large attendance from that section, and the fixture for Brown and Tyler's meet on the same day, and at the same place, will increase materially the large number who would go to see it from the New England States. Hamill has been taking careful, regular exercises upon the course during the past week' being located at Belmont Cottage, near the Columbia bridge, the guest of the Undine Boat Club. Johnny Newell still has charge of him, and though he was a trifle heavier at last accounts than when he left Pittsburgh, a week prior, he will be well down to weight when the time arrives. Coulter has been taking the very best care of himself, and is reported to be in splendid condition. He is thoroughly confident of carrying off the honors, and encircling his brow with the laurel wreath which it has so long been his ambition to secure, and which he is manifestly resolved to excise all his powers and knowledge to do in a fair and honorable contest. He was to change his training quarters to the Schuylkill, also, during the current week, and would be accompanied by his present trainers, George Speer and Gordon Jackson. He will take up his abode with the Pennsylvania Barge Club, near Fairmount Park, who have kindly extended an invitation for him to do so. Let the boat men of the Quaker City give both men a cordial welcome, and do all in their power to ensure a race which shall be decided alone upon the merits of the men without outside interference of any kind. We have received an additional eight hundred dollars from Hamill, which makes the one thousand on his behalf; Coulter's has not yet arrived, but it will no doubt be at hand in due time—at least five days before the race.

THE SPITE OF FORTUNE.

BY JAMES THOMSON.

Forever, Fortune, wilt thou prove
An unrelenting foe to Love,
And when we meet a mutual heart,
Come in between and bid us part?

Bid us sigh on from day to day,
And wish and wish the soul away—
Till youth and genial years are flown,
And all the life of life is gone?

But busy, busy still art thou,
To bind the loveless, joyless vow,
The heart from pleasure to delude,
To join the gentle to the rude.

For once, O Fortune, hear my prayer
And I absolve thy future care;
All other blessings I resign—
Make but the dear Amanda mine!

A TERRIBLE PLOT.

BY CHARLES GODFREY LELAND.

[*From the German by Heine.*]

Trouble and torment—I hear the bells ring!
And O, to my sorrow, I've lost my poor head!
Two beautiful eyes, and the fresh growing Spring,
Have plotted to capture me, living or dead!

The beautiful Spring, and two lovely young eyes.
Once more this poor heart in their meshes have got.
The rose and the nightingale—yonder she flies!
Are deeply involved in this terrible plot.

A finer exhibition of absurd snobbery is not in existence, not even in Thackeray's unrivaled Book of Snobs.

CLIPPINGS.

THE Springfield (Ill.) *Journal*, alluding to the Pendleton escort, ventures to say "that before Mr. Pendleton's army has been in New York twenty-four hours, every man of it will have Mr. Belmont's label upon his back, 'My property—bought for a dime.'"

THE Morgantown (West Virginia) *Post* says: We do not know of a single discharged Union soldier in Morgantown acting or voting with the Copperhead party; while on the other hand there are dozens of honorably discharged Union soldiers acting and voting with the Republican party.

THE new steamship line between Baltimore and Bremen seems likely to be a success. Although only two round trips have been made, it is announced that the applications for freight and passage already far exceed the capacity of the vessels employed, so that two more steamships are to be put upon the route at the earliest possible moment.

THE Cheyenne *Leader* gives the particulars of the late excursion trip of a party of Eastern men to the end of the track on the Pacific Railroad. Returning, the train halted at "the Summit," the highest point on the road, where a Union flag, emblazoned with the names of Grant and Colfax, was hoisted from a staff on the highest accessible peak of the mountain.

A NEW YORK LETTER says: "The ladies have given up staying at home for want of escorts, and attend lectures, theatres and concerts quite independently. At Ristori's performance, on Monday night, the critic, Miss Kate Field, entered with another lady as her only escort, and several ladies of standing, and good breeding too, have adopted the precedent."

MR. KERR, of Edinburgh, Indiana, has invented a reflector for an engine cab, by the means of which the engineer is able to see the rear of his train, the conductor, and all who are either getting on or off, without moving from his seat. It can be arranged for any length of train by simply changing the angle of reflection. It has been tried on the Jeffersonville road, and pronounced to be a success in every respect.

THE prompt passage, by the House, of the bill introduced by General Paine, from the Reconstruction Committee, and which gives vitality to the State organizations elect until they are duly recognized by Congress, and have complied with the prescribed conditions, will do much to settle such unfortunate imbroglios as that which now exists between Gen. Buchanan and the officers elect of the State of Louisiana.

A PATENT has been applied for by a gentleman in Detroit, Michigan, which, according to his views, will revolutionize the system of propulsion by steam. His plan consists of four iron air-tight cylinders, connected at the ends, which run the entire length of the boat. In these cylinders are shafts, on which are adjusted continuous screw threads answering for buckets. With these he expects to be able to propel a boat at the rate of thirty-five miles an hour.

THE OSAGE NATION, it is reported, have, by their chiefs, signed an important treaty with the United States, by which the remaining lands, including the trust lands owned by the tribe in Kansas, are ceded to the Government, and to the Leavenworth, Lawrence and Galveston Railroad. The tract covers about eight million acres. By this cession the annuities to the Indians, it is stated, are largely increased, and abundant provision has been made for the settlement of their new homes in the Indian Territory.

AN IDLE AND DISORDERLY PERSON in England, according to a recent decision of the Court of Queen's Bench, means a man who, earning $3.50 per week, refuses to support his wife. The counsel for the parish which was obliged to maintain the wife contended that "idle" did not mean "idleness" in the general acceptation of the term, but that the refusal to support was the gist of the offense. This is one of the cases where a defendant lays hold of words of description and sticks to the letter instead of the spirit of the law.

SUAVE QUI PEUT.—The soldiers of Napoleon were not more anxious to leave the field of Waterloo, than are nearly all of the Senators and Representatives to escape from this metropolis. There is to be no legislation on finances or on the tariff, and the internal revenue tax bill, so carefully reconstructed by the House Committee and Mr. Wells, will probably be laid up in lavender, although a few sections of it may be enacted. Scores of private claims will not be considered, important questions for legislation will be passed over, and the Representatives will leave here by the middle of July, to canvass their respective districts. So great is the desire of these honorable gentlemen to "up and git," as the Californians say, that they may arrest the inquisition of the Managers, and demand an immediate report from them on their discoveries.—*Washington Letter, 7th.*

AN EGG-TESTER has recently been patented in England. It consists of a cubical box with central funnel shaped openings in two contiguous sides, opposite which a mirror is placed at an angle of forty-five degrees. On looking into the box through either hole, the image of the other hole, reflected by the mirror, appears directly opposite. To test eggs the box is placed with one of the holes uppermost, in which the egg is placed. The light, then transmitted through the egg, forms a sharply-defined disc. If the egg be fresh, the illuminated circle will be clear; if stale, the disc will be cloudy, and if bad, the image will be dark and unsightly. The apparatus, it is stated, may be used by daylight or candlelight. The light reflected by the mirror to the eye passes entirely through the substance of the egg, and consequently every change from perfect translucency to thorough opacity can be observed.

Discovery of a Letter Purporting to be Written by Jesus Christ.

The San Francisco *Bulletin*, of the 11th of May, says one F. Wilson has applied to the United States District Court of California, for copyright of a letter said to have been written by Jesus Christ, and found sixty-five years after his crucifixion, about eighty miles from Iconium. It is said the letter was found under a stone, on the face of which was written, "Blessed is he that shall turn me over." "All people that saw it prayed to God earnestly, and desired that he would make known to them the meaning of this writing, that they might not attempt in vain to turn it over. In the meantime, came a little child and turned it over without help, to the admiration of all the people that stood by; and under this stone was found a letter written by Jesus Christ, which was carried to Iconium, and there published; and in it was written the Commandments, signed by the Angel Gabriel, ninety-eight years after our Savior's birth, to which is added King Abarus's letter and our Savior's answer, and also His miracles, and a full description of his person, in Sentulus's epistle to the Senate of Rome." Excavations are also said to have brought to light, in Syria, a Hebrew House, dating from about the second century before Christ. Some of the rooms are in good preservation, and among the books found is a collection of Hebrew poems, said to be unknown to present Orientals.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, THURSDAY, June 11, 1868.

There is no improvement to note in the tone of the general markets, and while dullness and stagnation are the order of the day, there are no important changes in prices. The receipts of Butter and Eggs have fallen off considerably within the past few days, and, as a consequence, there is a little stronger feeling. Grain is very dull, with a drooping tendency, while Flour, also, is dull but unchanged. Provisions quiet but steady, and the same is true of Groceries.

BUTTER—Under the influence of diminished arrivals, is somewhat firmer and tending upward, though the supply, as yet, is pretty well up to the demand. We now quote good to prime Roll at 22 to 23c, and print at 24 to 25c;

EGGS—Scarce, and sell without much difficulty at 25.

POTATOES—Continue very dull and unchanged; small sales in store at $1,30 for Prince Alberts, and $1,35 for Peach Blows. New Potatoes, $8,50 per bbl.

PROVISIONS—Bacon is reported quiet but steady at 13¼c for Shoulders; 15¼c to 17½c for Ribbed and Clear Sides; 19 to 20c for Plain and Canvassed Sugar Cured Hams. Lard, 18¼ to 18½c for prime kettle rendered. Mess Pork, $28 to $28,50.

HAY—Baled Hay is in good supply and very dull; sales all the way from $15 to $20, for common to strictly prime Timothy.

GRAIN—Wheat, although in light supply, is dull and drooping; city millers report that they are buying Red Winter at $2,30 to $2,35, and White 5 to 8c higher. Oats dull, but holders do not seem disposed at present to make any further concessions; we continue to quote at 78 to 80c, on wharf and track, and 83 to 85c for small lots in store. Shelled Corn is very dull, and may be quoted nominally at $1 to $1,05; Ear Corn is scarce, and we can report sales at $1,08 to $1,10. Rye is dull but unchangod; sales from wagon at $1,40 to $1,45, and in store at $1,50 to $1,55.

DRIED FRUIT—Continues very dull but nominally unchanged; small sales at 6c to 7c for Apples, and 12c to 13c for Peaches.

LARD OIL—Is still quoted at $1,23 to $1,25 for No. 2, and $1,45 for No. 1.

FLOUR—Is dull and neglected, but without change. We continue to quote at $10,25 to $10,75 for Spring Wheat; $11,50 to $12 for Winter Wheat, and $14 to $15 for fancy brands. Winter Wheat, extra, $9,50. Rye Flour, $9,50 to $10.

SALT—Is dull but unchanged; we continue to quote at $1,75 to $1,80 to the trade, and $2 for small lots in store.

RIVER NEWS.

Both rivers continue to recede steadily with five feet eight inches by the Monongahela marks; it is impossible to give the stage of water in the Allegheny, the figures on the pier not being intelligable. The weather continues clear and pleasant.

The Robt. Moore, from Portsmouth, and Armenia, from St. Louis, arrived, and the St. Charles was expected in early last evening, and returns as usual this evening at 5 o'clock.

The Bayard, Capt. Shepard, is the regular packet for Parkersburg to-day, leaving promptly at noon, and the Robt. Moore, returns to Portsmouth at 4 p. m.

The Maggie Hays and Wild Duck cleared for St. Louis with good trips, as did also the J. N. McCullough, for Cincinnati.

The Wauanita, Captain Thos. Shuman, is now in turn for St. Louis, and will be the first boat out for that point.

The St. Charles, Capt. Chas. A. Dravo, with Capt. Andy Robinson, Jr., in the office, is the regular packet for Cincinnati to-day, leaving at 5 p. m.

The R. C. Gray, Capt. Whittaker, is announced to leave for Cincinnati and Louisville to-morrow evening.

The Argosy, Captain Vandergrift, is the Saturday packet for Cincinnati, leaving at noon.

A St. Louis telegram under date of Tuesday says: The steamer Leni Leoti arrived from Omaha yesterday. She will reload her freight and proceed up the river.

The steamer Sallie has arrived at Omaha from Fort Benton, and will leave for St. Louis to-day.

The steamer Lilly was sold by the United States Marshal for $4,500 to C. H. Tyler.

The owners of the steamer Gerard Allen were yesterday awarded the Contract to Forts Rice and Stevenson at forty two dollars per ton.

The Success is announced to leave on the 15th inst., on her second trip to Fort Benton.

The river is rising here and at Keokuk but is falling at Dubuque. The Missouri is rising at Omaha and falling at St. Joseph. The Lady Grace has arrived. The Messenger and Anna will leave to-day.

The Only Chance; on her way to Fort Benton, was several times fired into by the Indians. In one encounter two Indians were killed and several wounded. Two of the boat's party were wounded.

She brought down $50,000 in gold dust for St. Louis houses, and a large lot of skins.

The Cincinnati *Enquirer* of Wednesday says: A Mr. Littlejohn, of Greenupsburg, Kentucky, while a passenger on the Telegrap to this city, night before last, was robbed of between $900 and $1,000 by some thief who entered his state room. A fellow in the same line was caught in the act of attempting to get into one of the staterooms of the Portsmouth Packet Bostona, the same night, and was handed over to the police here yesterday morning. Thieves abound on the river just now, and passengers should take every precaution against their practices.

We understand that several parties in New Albany, who were damaged by the swells of the Robert E. Lee, on Friday evening, attached the freight bills of that steamer in order to secure their losses.

The Centralia, which was sunk a few days ago in the Arkansas, will be wrecked. Commodore Adams will purchase another boat to take her place in the line.

The steamer Lansing has been sold at auction, at Dubuque, for $4,100. She will be used as a ferry at Eagle Point.

The Jacob Sass, sunk about two weeks ago at a point about one hundred miles above Omaha, has been wrecked, the officers being unable to save her. The boat is worth ten thousand dollars, and is insured for five thousand dollars in a Cincinnati company.

In Latrobe's "Sketches of America" occurs the following paragraph:

In October, 1811, the greatest event of the Western country took place. This was the commencement of steamboat navigation. Fulton's steamboat, called the "New Orleans," left Pittsburgh at the above date, and late at night, on the fourth day after starting, she arrived at Louisville, having been but seventy hours in descending over seven hundred miles. I have heard it said that the general impression among the Kentuckians was that a comet had fallen into the river.

Captain J. R. Sousley, pilot of the "O" line steamer Peoria City, was hurt the other day, pretty badly, by a derrick falling on him while the boat was sparring at Terrapin. He is still confined.

The New Albany *Ledger*, of Monday, says: Robinson Crusoe, a negro cook, who has been running on the Lower Ohio river, has received a dispatch from St. Louis, notifying him a legal decision by which he comes into possession of a place of real estate worth $5,000. He started for Missouri in a hurry.

GOLD closed in New York yesterday at 140.

THE Union Pacific Railway track is laid for 645 miles west of Omaha. The grading is finished for 100 miles further, and the grading party will reach Salt Lake by July Fourth.

THE re-election of Senator SPRAGUE, for another term of six years by the Rhode Island Legislature on Tuesday, was preceded by the most satisfactory assurances from his friends, that he would earnestly support GRANT and COLFAX against all competitors.

WHEN the Democratic Convention on Wednesday gave Mr. PENDLETON the cold shoulder and surrendered themselves to the bond-holders, it was very unkind toward the Pittsburgh *Post*, which has been contending for Young Greenbacks for months past. The silence of the repudiated organ, in the next morning's issue, is not to be wondered at.

THE failure of the bond-holding clique, who manipulated the Democratic County Convention, to come out squareiy for their favorite, Mr. CHASE, and his doctrine of Equal Suffrage, has probably clapped the final extinguisher upon the political aspirations of the Chief Justice. Such a half way backing up of one's friends is sometimes a fatal experiment in politics. How much Mr. CHASE must grieve over the timidity of the Allegheny County Democracy!

THE Pittsburgh *Post* has ceased to be inquisitive, but it is not yet honorable enough to correct its misrepresentation of the office-holder's black-mailing dodge. We forbear any commentary, however, until our "manly and outspoken" neighbor recovers a little from the stinging blow given to it by the County Democratic Convention. The responsibilities of the Democratic organ having devolved upon its rival, the *Republic*, the *Post* can soon afford to make the proper correction.

THE Omnibus Restoration bill, including Alabama, passed the Senate on Wednesday night by the decisive vote of 31 to 5. Mr. TRUMBULL'S motion to strike out Alabama was lost, 16 to 24, and he finally voted for the passage of the bill, as it stood. The House is to vote on the Senate amendments and probably a Conference Committee will be necessary. The Arkansas bill being accepted in both Houses as a precedent, the present difference will hinge on the Alabama question, and its exact solution is not easy to anticipate.

THE two Democratic organs of the Allegheny county Democracy publish meagre reports of the proceedings of the Convention of their party on Wednesday. The *Republic*, preferring measures to men, approves of the "wise, discreet and patriotic action of the Convention, in unanimously rejecting the effort to commit the Democracy of this county to the support of Mr. PENDLETON, or any other person, as its representative in the coming great contest." The other Democratic organ, the *Post*, has not a word of editorial reference to the Convention. Evidently, it is grieved by the triumph of the Johnson wing. In no other way is its complete silence to be accounted for. Its grief was too deep for utterance. We commend its discretion in resigning the lead of the party to its rival, the *Republic*.

THE telegraph informs us of the cold-blooded assassination of Prince MICHAEL, of Servia. Servia is one of the Danubian principalities tributary to Turkey, bounded on the North by the Austrian Military Frontier. Belgrade, where the crime was committed, is the nominal capital. Servia's present position of semi-independence was conquered for it by MILOSH OBRENOVITCH, father of the assassinated MICHAEL, who was elected hospodar in 1817. MILOSH was compelled to resign in 1839 and was succeeded by his son MILAN, who dying, was succeeded by MICHAEL. The latter was deposed in 1842 by KARAGEORGEVITCH, but a revolution in 1858 restored MILOSH to power and on his death in 1860, MICHAEL regained the position. The OBRENOVITCH family have held the princely dignity in their native country during the last half century and were of humble origin. MICHAEL was born in September, 1825, and his life was an eventful and sanguinary one.

THE prospects of Judge CHASE, as a candidate for the Democratic nomination are seriously impaired by the meeting which purported to be held in his interest at Philadelphia, on Wednesday evening. The resolutions adopted, commending his qualifications and urging the propriety of his nomination upon the New York Convention, are well enough in themselves, but the *personnel* of the Philadelphia meeting was precisely of that kind which will be most prejudicial to the aspirations of any candidate. Any meeting, in which such decayed or disreputable politicians as Senators DOOLITLE and DIXON, SWEITZER, of Massachusetts, JEFFRIES, the President's slate appointee for Register of the Treasury, MILES O'REILLY, of New York, &c., &c., take part can accomplish nothing but damage to the candidate who may be their unfortunate protegé. This assemblage of political buzzards is the first decided indication we have seen that the Chase movement is dwindling into insignificance. The strongest opposition to him has come from the border State Democracy, who have resolutely protested that they will support no man who is known to favor colored suffrage. If their vigorous protests have really checked the movement, this gathering of DOOLITTLE, DIXON & Co., at Philadelphia, will completely wipe it out. Under the circumstances, perhaps the Allegheny county Democracy might have strained a point, and enunciated a few principles, instead of being frightened at their own shadows and giving PENDLETON the go-by.

FOUR State Democratic Conventions were held on the 10th. Tennessee instructed for JOHNSON, and sends FORREST, the Fort Pillow butcher, as one of the delegates. Failing JOHNSON, they are to vote for PENDLETON and greenbacks. New Jersey, Connecticut and New Hampshire do not instruct their delegates, but their resolutions are anti-repudiation, and squint toward CHASE and his State-rights-negro-suffrage doctrine. The New York *Tribune* of the 10th thus comments upon the Democratic situation:

"The nomination of the Chief Justice is pressed with perfect good faith by a large portion of those who seem to favor it. With others, the support of Chase is a dodge to secure anyhow the defeat of Pendleton, who has to-day more delegates pledged to his support than can be counted up for any two of his rivals. But the initial effort for Chase will prevent Pendleton's nomination on the first or second ballot; meantime, arrangements may be made to concentrate on Hancock or Hendricks, or one of them as President and the other as Vice; and then both Chase and Pendleton will be nowhere. For the present, we simply advise all concerned that a part of the strength developed for Chase is factitious—meaning only that Pendleton must be defeated at all hazards—and will be ready to break for Hancock or Hendricks on the first prospect of success."

THE retirement of Commissioner ROLLINS, from the Internal Revenue service, will fix upon the President still more clearly the responsibility, for the retention in the service of the notoriously corrupt men to whom, in debate the other day, a Representative referred as follows:

"I know that in New York corruption in revenue matters is without limit, and as my friend from Illinois [Mr. Ingersoll] suggests without precedent in the history of this country; and I do know with one or two exceptions no officer in that city has been removed by the President of the United States. I know that in another city of the Union, Richmond, Va., the fraudulent practices have gone to such an extent that even the judicial ermine has been stained by them; and yet no removals are made.

"I know further, that Mr. Rollins, the Commissioner of Internal Revenue, as late as December last called the attention of the Secretary of the Treasury to other great frauds upon the revenue, and named to him some thirty or forty officers who should be removed because of their complicity in these frauds; yet I have not heard of a single removal under that recommendation of the Commissioner of Internal Revenue."

THE naughty bondholders' combination with the Johnson wing of the party, in the Democratic Convention of this county, on Wednesday, succeeded in "laying out" the Pendletonians as cold as a wedge. In vain were the eloquent appeals that the delegates to New York be instructed for PENDLETON and greenbacks. Bitter were the taunts against "the few who came here with bonds in their pockets and attempt to control our actions." The bond holders carried the day and the Convention evaporated, leaving no sign except the intense disgust which filled the hearts of honest country delegates.

OUR CONGRESSMEN, PRESENT AND FUTURE.

The Philadelphia *Press* refers in terms of decided commendation to the present Representative from this district, and to the gallant soldier who will succeed him. We copy:

The nomination of Gen. Jas. S. Negley as the Republican candidate for Congress in the Twenty-second district, composed of the city of Pittsburgh and part of Allegheny county, is warmly applauded by the Republican party throughout the State. He was a gallant soldier during the war, and possesses qualifications, in addition to this great deserving, which will make him the efficient Representative of a great constituency.

The sitting member from the same district, Hon. James Kennedy Moorhead, declined a re-election after having served his people with rare fidelity. On the 4th of March next his last term of five Congresses will expire, making ten years of consecutive devotion to the principles of his party and to the interests of his district. It is very interesting to note the rise of such men. Their record is an example unknown in the experience of other countries. General Moorhead was indeed the architect of his own fortunes. The head of a family of great influence all over the State, the eldest of three brothers—two of whom, J. Barlow Moorhead and W. G. Moorhead, are men of great wealth and conspicuous public spirit, and like him the builders of honorable reputations and the centres of extensive connections—it is worth remembering that General Moorhead began his career at the beginning of the century with a limited education and as a tanner's apprentice. He rose by undaunted perseverance and unchallenged integrity; and he leaves Congress loved by his own people and respected by men of all parties in Congress, having at all times been fearless in the expression of his sentiments and consistent in his votes as a thorough Republican. General Moorhead is only sixty-two, and his fine health, ripe experience, and complete personal independence will not be forgotten when the people look about them for trustworthy leaders in other high positions.

WE notice that the *Sun*, (N. Y.,) speaks of George W. Cass, of Pittsburgh, as a possible Democratic nominee for the Vice Presidency, and also states that he is a son of Lewis Cass. As a rule the *Sun* is very accurate, but it errs in its statement of the relationship existing between these men. Mr. Cass is a brother of Lewis Cass—not a son. He is a very estimable man, and a good railroad manager, but the Democracy will not nominate as good a man for Vice President, and he will never fill that office unless he changes his politics. As President of one of the most important railroads in America he has earned a high reputation, but as a politician he is not a success.—*Meadville Republican*.

Mr. Cass is a nephew—not a brother—of the late LEWIS CASS.

—Don Antonio Irisarri, Minister Plenipotentiary of Guatemala and San Salvador, died at his residence, in Brooklyn, yesterday.

LETTER FROM WANDERER.

The Democratic National Convention—Nomination of Mr. Chase for President—The Intrigue to that End—Its Premature Exposure and Present Condition.

[Correspondence of the Pittsburgh Gazette.]

NEW YORK, June 10, 1868.

The Democratic National Convention will assemble in this city a month hence. It will meet here because Mr. Belmont and other leading members of the party, who are deeply interested in government securities, were resolved, if possible, to prevent it from formally espousing Repudiation in any shape whatever. That section of the party is not only strong in numbers in this vicinity, but is also powerful in influence, and can control the action of the Convention, assembled here more certainly, than at any other point.

For some months past these Democratic leaders have been in negotiation with Mr. Chase and his coterie, with a view to bringing him out as the Democratic nominee for the Presidency. If this could be accomplished, the Democratic bondholders would feel a comfortable degree of assurance that their pecuniary interests would not be imperilled by the success of their party. But, Mr. Chase, while ardently desiring to be President, has a consciousness that he has already become a historic character, and, though he is willing to concede a good deal to gratify his ambition, he is not ready to contradict utterly the best passages of his past career. He stipulates for Democratic recognition of universal suffrage in exchange for universal amnesty. So far, then, as the essential doctrine of political equality is concerned, the Democrats might as well accept Horace Greeley or Wendell Phillips for their leader as Mr. Chase. That the Chief Justice has a formidable faction in the Democratic party favorable to his promotion, may well be taken as indicating the progress of ideas, notwithstanding the maledictions of the Subterraneans.

This intrigue of which Mr. CHASE is the central character, is the key by which his course during the Impeachment trial and the proceedings against Mr. JEFFERSON DAVIS, can be explained,

While it is manifest that a majority of the wealthy Democrats, both here and in New England, are for Mr. CHASE as the Presidential candidate, the rank and file are of a different mind. They do not comprehend what transformation democracy has undergone by which Mr. CHASE is made its best exponent and representative; especially since he refuses to abate his demand for the permanence of negro suffrage in the Southern States. But the leaders profess unbounded confidence in their ability to control the masses if they can only accomplish the desired nomination. They point to what has been done in that way heretofore, and in a way to suggest that they only profess Democracy because by means thereof a few are practically enabled to cast the votes of the many.

But there is another aspect under which the chances of the intrigue do not look so bright. It was confidently believed that FESSENDEN, TRUMBULL, GRIMES, and the like of them, would be able to detach a large body of conservative Republicans from the support of the Chicago nominees and platform, and transfer them to Mr. CHASE. That expectation is already blasted. The *Post*, the *Commercial*, and the *Times*, of this city, the *Commercial*, of Buffalo, the *Republican*, of Springfield, Massachusetts, and all the other conservative organs, without a single exception, have not simply given in their adhesion to GRANT and COLFAX, but are working efficiently for their election. Even FESSENDEN and TRUMBULL, notwithstanding their original intention, have felt constrained to avow their purpose to be to remain in the Republican organization. It is certain that the Conservatives are not going with the Democrats.

Meanwhile, it is perfectly obvious that all the Democrats cannot be induced to support Mr. CHASE. This is true here and in New England, no matter what may be said to the contrary. This is still more emphatically true in the West and Southwest. From those sections there are indications of open revolt, and the nomination of a third candidate in case the July Convention shall execute Mr. BELMONT'S purposes. Ordinarily it would be safe to predict that these demonstrations of dissatisfaction would subside as soon as the nominations should be actually made. It will not do, this year, to presume as much upon the tractability of the multitude.

What if Mr. PENDLETON shall obtain the nomination? He certainly represents the spirit and purposes of the party. What will Mr. BELMONT and his set do in that event? By some it is claimed that they will bolt, and endeavor to guard their personal and business interests by consigning the Democratic party to a new term of retirement from the cares of governmental administration, By others it is affirmed that these capitalists have a very deep stake in perpetuating Democratic ascendancy in this commercial capital, and in bringing the State under the same control.

However many of these points may be determined, it is sure that the CHASE intrigue cannot harm the Republican party. That organization was never so harmonious as at the present moment and the Democrats have rarely occupied a position of so great difficulty as that they now hold. For them to take Mr. CHASE, with his present proclamation of opinions, is simply to sell out, with a certainty of defeat, and of such a defeat as will defy recuperation afterwards; while to accept Mr. PENDLETON would comport with their avowed principles and their action hitherto, and if conducting to overthrow, would leave the ranks unbroken and in readiness for another onset upon the first opportunity.

It is inferable from what has already been said that the Republicans of the State of New York stand on much higher vantage ground than they did last year. At peace among themselves, at least so far as relates to all questions directly involved in the canvass, they will poll a much larger number of votes than they did last year; and no Republican votes will help to swell the Democratic count. This unanimity furnishes a reasonable basis for hope that the electoral vote of the State will be cast for GRANT and COLFAX. The Democratic majority in this city will assuredly be reduced to a very material extent in the fall, while the Republican majorities in the central and western counties are most likely to be enhanced.

Trade is dull. The merchants complain of light sales and large stocks to be carried over, still the feeling generally prevails that the worst has been endured, and that a revival of activity will soon be experienced.

Last year, with the crops of this country hardly up to the average, there was an unprecedented European demand, in consequence of the failure of crops in several countries on that continent. This year, the crops throughout the United States are highly promising. There never were such breadths of grain upon the ground, and it never looked better. The Southern States sowed enough fully to supply the local demand. Already the first new wheat has been put upon the market, coming from Mississippi.

All accounts from Europe concur in representing that the crops there are uniformaly favorable, so that there will be little or no demand for bread-stuffs to be exported thither. True, there are rumors of a gigantic war as likely to burst out in the autumn, involving a number of nations; but if these sombre predictions shall be realized the condition of the present crops will not be affected thereby.

It is safe, therefore, to conclude that the crops about to be harvested in the United States will be abundant; that prices will rule low in comparison to what they have been for some years past; that much less money will be required to move and market the crops than was required last year, thus tending to create an easy state of monetary affairs, and affording an excellent solution of the question of wages in many departments of manufacturing and mechanical industry.

It is specially gratifying to know that the new harvests will put a new and better aspect upon affairs all over the Southern States; not only delivering the inhabitants from the pressure of actual want, but placing means in their hands wherewith to commence repairing the wastes of the great war.

NEW PUBLICATIONS.

FARADAY AS A DISCOVERER. By John Tyndall. Published by D. Appleton & Co., New York. For sale by Henry Miner, Pittsburgh.

The wonderful achievements of Faraday in Science, has given him a world-wide celebrity. His brilliant career was achieved by dint of close study, and persistent effort. Entering upon life under rather unfavorable circumstances, he gradually surmounted every obstacle, and finally reached the highest place in the scientific world. And his fame rests upon higher ground than the ordinary walks in scientific life, namely, *as a discoverer*. Here he obtained the mastery, and here his name will be forever linked with futurity. Faraday's researches on Electro-Chemistry, Frictional Electricity, Induction, Conduction, etc.; his discoveries of the "Magnetzation of light, and the Illumination of the Lines of Magnetic Force;" "Magneto-Electricity," "Diamagnetism,' are familiar to scientific scholars, and, indeed, he is quite well known by the better informed of the masses. The work embodies the various researches and discoveries of Faraday, in two discourses, delivered by Prof. John Tyndall, Professor of National Philosophy, in the Royal Institution of Great Britain.

DAISY. Continued from "Melbourne House." By the author of "Wide, Wide World," "Queechy," etc. Published by J. B. Lippincott & Co.

The author of "Wide, Wide World," acquired a reputation that few writers have attained in literary circles in so brief a period. There was such a charm about her former writings, freshness, vigor of thought, and life-like pictures scattered throughout her works, that they were much sought after. Time has not changed the good impression upon the public mind, and "Wide, Wide World," and "Queechy," are still read by multitudes. "Daisy" seems to have the same elements of word-power, in discription, and in the deliniation of character. Throughout the book there is also a high toned morality and purity of style, which renders it worthy of the family circle. There is a personality about the work, too, that strongly smacks of a semi-autibiography of the author.

HOLIDAYS AT ROSEDALE: With some after scenes in Elsie's life; being a sequel to Elsie Dinsmore. By Martha Farquarson. Published by M. W. Dodd, 506 Broadway, New York.

Dodd has established his character as the publisher of works of substantial merit, such as the Schonburg-Cotta series. "Elsie Dinsmore" did not diminish his reputation, and now we have "Holidays at Rosedale," as a sequel to the latter named work. Both books are worthy of commendation for their elevated tone, and moral character. Those who have read "Elsie Dinsmore," will find in this work inculcated, the same beautiful lessons of obedience and right doing. The example of Elsie is worthy of emulation by young people, especially the respect she had for her parents. Works of such a moral, healthy tone, cannot fail to do good.

WHAT SHALL WE EAT? A Manual for Housekeepers. Published by G. P. Putnam & Son, 661 Broadway, New York.

This little work comprises a bill of fare for breakfast, dinner and tea, for every day in the year. With an Appendix, containing receipts for pickles and sauces. Here we have a *practical* work, the design of which is to save the trouble of thinking and providing variety for the table. Helps like this volume, are calculated to relieve ladies of much anxious thought, of "what shall we eat?" as each day is catalogued to hand, by consulting it. It is an excellent handbook for house-keepers, and of convenient size.

T. B. Peterson & Co's. cheap edition of Scott's "St. Ronan's Well," is placed upon our table by W. A. Gildenfenny, Fifth street. Price 20 cents.

A Chase Movement.

A meeting of politicians from all parts of the country was held at the Continental Hotel, Philadelphia, on Wednesday night, to nominate Mr. Chase for the Presidency. Ex-Governor F. P. Stanton, of Virginia, presided temporarily. A committee of three was appointed to select permanent officers, who reported for President, Hon. William S. Price of Pennsylvania. Vice Presidents—John J. Cisco, New York; Chas. D. Freeman, Pennsylvania; Enoch T. Carson, Ohio; Wm. P. Smith, Maryland; Hon. Frederick P. Stanton, Virginia; John Paul, M. D., Illinois; Amasa Sprague, Rhode Island; T. H. Sweitzer, Massachusetts; Hon. J. R. Doolittle, Wisconsin; Gen. A. L. Jeffries, District of Columbia; E. T. Latham, New York; Hon. Jas. Dixon, Connecticut; Gen. S. W. Crawford, Kentucky. Secretaries—John W. Frazier, Philadelphia; Wm. Howard, Philadelphia; John J. O'Brien, New York; Wm. J. Hawley, New York; John Oberly, Illinois. A committee of nine was appointed on resolutions, consisting of Charles D. Freeman, David W. Sellers, Alexander Long, Fred. P. Stanton, Wm. Howard, J. P. Tucker, Edward T. Latham, Fred. Schley and Wm. S. Hawley, who reported the following, which were adopted unanimously:

WHEREAS, We, as citizens of the several States, irrespective of our political affiliations, believe that the learning, experience, ability and purity of Chief Justice Chase are an assurance of an administration conformable to the Constitution if he should be chosen President, and that we believe if presented to the people of our country for their suffrage, they would cordially unite upon him as one in whom they might hope for a happy reconciliation of the people of all the States under the just and benign provisions of our Federal Constitution; therefore

Resolved, That we desire Chief Justice Chase for the next President of the Union, as the man best entitled to our confidence and support, and that a committee of one hundred be appointed to promote his nomination by the Democratic Convention, which meets in New York on the Fourth of July next.

After which, a committee of one hundred, with Charles G. Halpine as chairman, was appointed to convey the proceedings to the Democratic Convention in New York. The meeting then adjourned.

Philadelphia Nominations.

The Union Republican Conventions of Philadelphia, which met on Wednesday, were characterised by strict harmony and good feeling, with the single exception of that of the District Attorney Convention. In this body the members of a political "ring" of wire-pulling politicians secured the organization and nominated William B. Mann for the District Attorneyship. As much dissatisfaction grew out of the result of the ballot, what are known in Philadelphia as the "Union Leaguers" bolted from the Convention and nominated Isaac Hazlehurst in opposition to Mann. The other nominations were made unanimously.

Herewith we present the ticket: For Mayor, Hector Tyndall; District Attorney, W. B. Mann; City Solicitor, T. J. Worrell; President Judge District Court, J. C. Hare; Associate Judge, M. Russell Thayer; Controller, S. P. Hancock; Congress, First District, B. L. Berry; Second District, Hon. Chas. O'Neill; Third District, Hon. Leonard Meyers; Fourth District, W. D. Kelley; State Senator, Second District, A. Wilson Henszey; Fourth District, George Connell. Representatives, First District, David Foy; Second District, R. C. Tittermary; Third District, Wm. P. Hamm. Fourth District. Adjourned until to-morrow; Fifth District, Joseph T. Thomas; Sixth District, Charles Kleckner; Seventh District, James Subers; Eighth District, J. V. Stokes; Ninth District, ——— Tenth District, E. W. Davis; Eleventh District, William Bunn; Twelfth District, Alexander Adaire; Thirteenth District, ——— ——— Fourteenth District, John Cloud; Fifteenth District, James Holgate; Sixteenth District, M. C. Hong; Seventeenth District, Col. John Clark; Eighteenth District, Robert Hervey.

—At the annual stockholders' meeting of the Lake Shore Railroad held in Cleveland, yesterday, the old board of directors were re-elected, with the exception of J. H. Wade, of Cleveland, vice Gilbert, deceased. The officers elected were A. Stone, Jr. President; J. H. Devereaux, Vice President; George B. Ely, Secretary and Treasurer; H. Nottingham, Superintendent. A semi-annual dividend of three and a half per cent. was declared.

SCIENCE ADVANCES.

As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powders, &c., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length HOSTETTER'S STOMACH BITTERS made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them. There have been many spurious Bitters palmed upon the community, which, after trial, have been found perfectly worthless, while HOSTETTER'S has proved a blessing to thousands, who owe to it their restoration to health and strength. For many years we have watched the steady progress of HOSTETTER'S STOMACH BITTERS in public estimation, and its beneficient effects as a cure for all complaints arising from the stomach, of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation after years of careful study and sitting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only prepartion of the kind that is reliable in all cases, and it therefore demands the attention of the afflicted.

ADVICE TO CONSUMPTIVES.

DR. KEYSER says: "You want air, not physic; you want pure air, not medicated air; you want plenty of nutrition, such as plenty of meat and bread will give; physic has no nutriment; gasping for air cannot cure you; monkey capers in a gymnasium cannot cure you; and stimulants cannot cure you. If you want to get well, go in for BEEF AND OUT-DOOR AIR."—*Republic*.

He says further: Don't put off the first symptoms. "A little leak may sink a great ship;" a small sore in the throat, lungs or liver will soon involve the whole body. How often do we see people put off for a year or two what in the beginning could have been remedied for a trifle. The Doctor's advice is, and always has been, attend to the first symptoms of disease. Do not let the constitution become a wreck before you begin to mend; if you do, ten to one there will be no remedy. There is a remedy for every disease if taken in time. A slight sore throat or cough may be removed with comparatively little trouble; but a constitution, sinking and breaking to pieces by allowing these little troubles to accumulate is not so easy. Dr. Keyser's mode of lung sounding is unique, and as thorough as it is unique. There is not a spot or space over the whole surface of the lungs that he does not sound and investigate, and by so doing is enabled to supply the appropriate remedy.

DR. KEYSER'S RESIDENT CONSULTING OFFICE FOR LUNG EXAMINATIONS AND TREATMENT OF CHRONIC DISEASES, No. 120 PENN STREET, from 9 A. M. UNTIL 3 P. M.

June 1st, 1868.

600 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. Sixty miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is on absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and *no more*. The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which OVER EIGHT MILLION DOLLARS have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through business that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount, ARE SECURE BEYOND ANY CONTINGENCY.

The Company have abundant means in their treasury, and make no appeal to the public to purchase their Bonds, as the daily subscriptions are entirely satisfactory; but they submit that, for entire security and liberal returns, there is certainly no better investment in the market.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July, at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT.,

AND IT IS BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.

The Company reserve the right to advance the price of their bonds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum, from the date on which the last coupon was paid. Subscriptions will be received in Pittsburgh by

JAMES T. BRADY & Co., corner of Wood and Fourth Streets;
HART, CAUGHEY & Co., corner of Wood and Third Streets;
S. McCLEAN & CO., 75 Fourth Street;
PH. R. MERTZ, corner 5th and Wood Sts.;
ROBINSON BROS., 78 Fourth street;

AND IN NEW YORK

At the Company's Office, No. 20 Nassau Street, and by

JOHN J. CISCO & SON, Bankers, No. 59 Wall Street, and by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices, or to any of the advertised agents.

FOR SALE.

A RIVER BOTTOM FARM OF 76 ACRES, 19 miles from the city, in Elizabeth township, Allegheny county, Pa., on the Youghiogheny river, one-half mile from Elrod's Station, on the Connellsville railroad; near churches, schools, stores, &c., in the flourishing villages of Boston and Green Oak. The improvements are a two-story brick house of six rooms, hall and cellar, a good frame bank barn with stabling underneath, and other outbuildings; a well of good standing water at the door, and several standing springs of water on the farm, and an orchard of 700 trees of selected fruits of apples, cherries, pears, peaches, quinces and grapes. This property being located near the line of the railroad, within one hour's ride of the city, makes it very desirable for gardening or a dairy farm; it is also a good and beautiful location for country homes near the city, lying immediately on the river, on the opposite side from the railroad. The West Newton Accommodation and other trains on the railroad afford certain and frequent opportunities of daily communication to and from this city. Will be sold as a whole or in lots of one acre or more, to suit purchasers.

Also, A FARM OF 173 ACRES, situated in St. Clair township, Westmoreland county, Pa., near the line of the Pennsylvania Railroad at Houston Station. The improvements are a two-story frame house, with six rooms and good cellar, a frame bank barn 40 by 60 feet, and other outbuildings. There is on the place a young apple and peach orchard; 120 acres cleared land, divided into fields of convenient size, a large portion of which are well set in clover and timothy; the residue of said tract covered with good timber. It is well watered and underlaid with coal and limestone, and is convenient to churches, schools, stores, mills and blacksmith shops. A real good bargain is offered in this excellent farm; and with it will be sold all the personal property on the premises, consisting of horses, cows, stock cattle, hogs and poultry, harness, gears, wagon, plows, farming implements and household and kitchen furniture. Together will be sold very low and on easy terms, to a responsible purchaser.

Also, a desirable and very fertile Tract of Land of 158 ACRES AND 25 PERCHES, in Elizabeth Tp., Allegheny county, Pa., on the line of the Hempfield railroad, and one and one-half miles from the Connellsville railroad at Suter's Station. On this farm are 40 acres of superior white oak timber, which alone is now worth one-half the price asked for the whole tract. The improvements are a log house, frame barn, good fencing, and an apple orchard of good fruit. It is well watered and underlaid with limestone and flag stone of a superior quality, with stone coal for the use of the farm.

Also, The best FARM in Fairfield township, Westmoreland county, Pa., of 250 ACRES, about six miles south of the Pennsylvania Central Railroad at Bolivar Station. The improvements are two large hewed log dwellings; one of the largest and best frame barns in the township; two apple orchards, in good bearing condition; corn crib, wagon-shed and other outbuildings. The whole farm is under a high state of cultivation; fencing all in first rate order, and the land of the best quality of limestone soil, about 200 acres of which is cleared and the residue of the tract in good timber, such as white oak, rock oak, hickory, walnut and beech. This property will be sold very cheap and on good terms, as the owner wishes to engage in other business. For particulars enquire of

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSSDAY, June 11, 1868.

In consequence of the downward tendency of United States securities abroad, shipments of bonds have almost ceased, and gold will have to be sent in the absence of a sufficient amount of commercial bills. The import of assorted cargoes still continues, but the export of grain is very limited, the prices ranging here not admitting of profitablo sales in Europe. It is thus that we will have to resort to specie shipments to cover our deficiency abroad; in view of this the premium on gold has slightly advanced. A more direct cause, however, which gives the market a firmer tone and leads to actual engagements for cash deliveries, is the warlike rumors from Europe; also, nothing is known as to the future policy of the eastern powers of Europe toward Danubian principalities and Turkey.

Government bonds are decidedly lower, and are still pointing towards lower quotations. There is no demand for bonds, otherwise than for the purpose of exchanging Seven Thirties; the open market at present allowing of a more favorable exchange than the United States Treasury, where it will take half a month now to get new bonds, and on less favorable terms. The investment demand has entirely ceased at the recent high quotations for bonds, and people prefer to keep money idle instead of buying on a high market. On the other hand, the offers so sell are also very light, since comparatively small purchases have been made in this country during the recent range of high prices, and for those who hold bonds for permanent investment it is immaterial at what the bonds sell at in this country.

Stocks are steady, and Erie, New York Central, North Western common and preferred are all firm, and have slightly advanced. Fort Wayne is almost unchanged; so is Cleveland and Pittsburgh. Express shares are dull and a fraction lower, and there is no disposition to huy, even at the low figures.

Mining shares are very firm, and a large business is done, but the fluctuations are with a brokers commission.

Business very dull. Money not much in demand at former rates.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 140; 1881 bonds, 116¼; 1862 5-20s, 112; 1864 do, 109⅝; 1865 do, 110; Consols, 112½; 10-40s, 105¾; 7-30s, 109¼.

Railroads—Cleveland & Pittsburgh, 87½; Fort Wayne, 111½; North Western, common 81¾; North Western—preferred, 69; New York Central, 134⅞; Erie, 70¼; Old Southern, 89½; Ohio & Mississippi, 29⅛; Merchants Union Express, 28; Western Union Telegraph, 38¼. Mining Shares—Corydon, 34; Quartz Hill, 115; Quicksilver, 26½.

—Closing quotations received by James T. Brady & Co.:

Gold, 139½; U. S. 6's, 1881's, 116½; 5-20's, 1862, 112⅝; 5-20's, 1864, 109⅞; 5-20's, 1865, 110½; 10-40's, 105¾; 5-20's, January and July, '65, 112⅜; 5-20's, January and July, '67 112¾; June 7-30's, 109¾; July 7-30's, 109⅜; May Comp., 1865, 119,-30.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, June, 11, 1868.

CATTLE.

The arrivals of Cattle were much larger during the past week than for some time previous, and they were mainly of very good quality; one or two lots were considered the finest ever offered at this yard. As there were but few buyers, the demand of course, was rather light, and the market was a dull one, though the sales, in the aggregate were the largest we have had to report for several months. Prices, athough without material change, are, nevertheless, tending downward, and dealers expect a still further and material decline, within the next sixty days; some two or three small bunches of pretty good shipping steers, changed hands, at 8¼ to 8½, while prime to extra, were held about as high as ever, although there were no buyers at these extreme prices. There were no less than twenty car loads of Kentucky cattle on sale, mainly from Bourbon County, one of the most famous counties in that State for raising good stock, but they could not be sold, and the owners shipped on to Communipaw Yards, New York. These Cattle, we understand, were held at 9½, but we doubt whether any buyers could be found above 9 cents, and, but few, even at that.—There was also a very fine drove of Missouri steers on sale, belonging to C. K. Ward, said to have been as good as was ever offered at these yards; these cattle, it is said, cost 8½ in Missouri, held at 9¾ here, with 9 offered. Now that the arrivals of Cattle are commencing to increase, we may look for an improved business at these yards; and, in all conscience, there is an abundance of room for improvement.

The following are the sales of Cattle.

Hedges & Taylor sold 18 head of pretty good Cattle for Davis & Co., to S. Moses, weighing 22,875 lbs, at 8:10, and $3 premium.

Holmes, Lafferty & Co., sold 19 head of mixed stock, for James, to Myers, at 5,90; 20 head for Crabb to Aull, at 7¾; 21 head for E. Katz, bulls, cows and steers, to James Aull, at 5¼; 18 head for John Kerwin, to James Aull, at 7; 4 for Holmes & Pfieffer, to Moses & Co., at 8—$2,50 off; 12 for C. Hudson, to some buyers, at 7½; 16 head of good Indiana steers, for Holmes and Pfieffer, to Peter Klemen, at $117 per head.

Dolan & Co., to Maynes & Co., 18 head of pretty good Illinois steers, weighing 21,150 lbs, at 8¾.

Clifford to Kerr, 18 head of pretty fair stock, weighing 20,700, at 8¼.

Heskett to P. Klemen, 32 head of good shipping steers, weighing 39,825, at 8.55.

Craig & Co. to Jas Aull, 71 head of commonish stock, weighing 48,900 at, $42 per head.

SHEEP.

The Sheep market has been a very hard one this week; the arrivals did not appear to he so much larger than usual, but buyers were not out in as great force as last week, and there was a general disposition among them to insist on lower prices, and besides, owing to the very sensitive condition of the Eastern markets, Eastern buyers are very sensitive, and, as a consequence, take hold very sparingly, and with much greater precaution than usual. We quote all the way from 3 to 6 cents, for inferior to strictly prime, and these may be regarded as the extremes of the market. We heard of one drove of something over 150 head, having been sold for sixty dollars, but, we paesume, they must have been very common stockers.—For fair to good mutton Sheep, such as are usually taken by eastern shippers, 4½ to 5 cents seemed to be regarded as the ruling prices, and 5¼ to 6 for prime to extra.

We quote the following sales:

Hedges & Taylor, sold 84 head for Stafford to Pierce, at 4¾; 140 for A Stump, to Maynes, at 3¼; 77 for Davis to Erisman, at 4¼; 220 for Huffman, to H. Deitrich at 3¼.

Heskett to Juvenal & Gillett, 549 head at 4,90; C. Hudson, sold some parties, 100 head at 5 cts.

Holmes, Lafferty & Co., sold 206, for Zimmerman, to A. Deitrich, at 4c.; 315 for James, to Pearce, at 5¾; 88 for same, to same, at 5; 100 for Tibbals, to Pearce, at 4; 100 for Milligan, to Eddy, at 4c; 115 for Maxwell, to Koldoler, at $115 for the lot, or $1 per head; 24 for Logan to same, at $2,50 per head; 105 for same, to Aull & Myers, at $2,25 per head; 105 for Long & Wyans, to Pratt, at $410,75 cts.

Smith & Talmage, sold 210 head for Shields, to Moore, at 4¾; 224 for Neff to Aull & Myers, at 4c; 218 for Brainard to Moore, at 4,30; 94 for Farmer, to C. Newton, at 4,50; 210 for C. H. Myers, to Deitrich, at 3,75; 200 for Kearns, to Maynes, at 4¼.

H. Deitrich bought 218 head at 3,90; 181 at 4,80; 215 at 4; 199 at 3,75.

Erisman & Pidcock, bonght 456 from McFadden, averaging 94, at 6,25, and $17 off; 178 from M. Young, averaging 87, at $4,05—$20 off; 114 from Elliott, averaging 86, at 4,50; 220 from Wilson, averaging 100 lbs, at 6—$24 off.

HOGS.

The Hog market has also been quite dull during the past week, and prices are down fully half a cent. We now quote at 9¼ to 9¾ for prime Philadelphia Hogs, and 7¼ to 7¾ for New Yorkers. The impression prevails that this kind of stock, like cattle, is entirely too much inflated, and dealers, generally, expect to see a still further decline within the next few weeks. We quote the following sales:

Gilchreist & Co. bought 34 from Voter at 10; 98 from Messenger, Gillett & Co. at 10,35; 201 from E. Smith at 10,10; 87 from Hedges & Taylor at 10; 208 from E. Smith at 10,20; 197 from same at 10; 46 from Hedges & Taylor at 10,20; 198 from Turner at 9¾; 10 from Erisman at 10,10; 177 from E. Smith at 9¾.

Hedges & Taylor sold 65 for Dodd to Messenger, Gillett & Co. at 7¼; 77 for Miller to Erisman at 7½; 197 for Frost & Middleworth to Crouse, Emerick & Co. at 10,20; 22 for Stafford to Dripps & Stockton at 10; 21 to Chalfant at 8, and 11 to Miller at 8; 62 for Partridge to W. Hedges at 7¼.

Messenger, Gillett & Co. sold 99 to Dripps & Stockton at 9,90.

Holmes, Lafferty & Co. sold 60 for M. Lanahan to Crouse, Emerick & Co. at 9; 128 for Holmes & Pfieffer so C. M. Keys at 8½; 115 for same to Pidcock at 7½; 10 for Martin at 8.

Singer & Imhoff bought 109 from O. Quick at 9,70; 100 from Halligan at 9,82½; 100 from Ouser at 10,10, 99 from E. Smith at 10; 201 from Robinson (extra) at 10; 100 from Sherman at 9,30. Shipped 385 Chicago Hogs, costing 9¼ to 9½, in Chicago.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, June 11, 1868.

CRUDE—The market was very quiet to-day, and devoid of any new characteristics worthy of special notice. Holders are hardly as stiff as they were yesterday, and while they were not disposed to make concessions, they were not apparently so tenacious about a still further advance. There was but a single sale reported, 2,000 bbls, on spot, at 11¾c; last evening, the asking prices ranged from 12 to 12½c, and even 12½c. The advance at Antwerp was evidently anticipated, as we cannot see that is has made the slighest impression either here or in Philadelphia; as will be seen the sales reported to-day, show no advance. Oil City telegrams report the market at that point quiet and nominal at $4,75.

REFINED—There was rather more activity manifested in bonded oil to-day, but with the exception of a slight improvement for immediate delivery, there is no change to make in quotations. The sales were: 1,000 for the last half of July at 31¼c; 500 each for July and August—last half—at 31½c; 500 for August, and 500 for September at 32c, and 500 each from August to December at 32c. For the late months, prices have undergone but little change for two or three days, the last five months having sold at 32c, early in the week. The last half of June was in pretty active request at. 30½c, with but little offering.

Vallandigham on Chase.

The New York *Herald* having called upon Vallandigham for his views of the policy on which the Democracy should conduct the next campaign, he replies through the Dayton *Ledger*, by reiterating the following statement previously made by him:

"There is but one condition of Democratic success in 1868. Absolute equality and toleration without regard to the war, for all men—Copperhead Democrats, War Democrats and Republicans—who act with the Democratic party in the coming struggle against Revolutionism; each man to be accepted at once and for the future, according to his merits, his position and his ability. Upon such a basis, the overthrow of Grant and Colfax, representing what remains of Revolutionary Radicalism, would be far easier and more signal and crushing than the defeat of Scott and Graham in 1852. Upon any other, the candidates of the New York Convention of July, will not carry a single State."

He adds: As to the candidates this, paper is the partisan of no man for the Presidency. Our first choice—for we seek not only the best, but the strongest man—is the most decided and ultra "Peace Democrat," being a statesman in the exalted sense of that word, who can be found. In present circumstances we prefer Mr. Pendleton. We are satisfied that he is the choice of the Democratic masses—a small matter, it is true, with the politicians in these times. We believe that with a sagacious but bold and manly canvass he can surely be elected. Next to him we are for any competent man of similar principles, record and antecedents.

As to Chief Justice Chase, we said some two weeks ago, and now repeat, referring to the suggestion of candidates from men not identified with the Democratic party during the war.

"No, gentlemen, excuse us. If so hard pressed for material as to be forced *outside* of the Democratic party for a candidate, we are for Chase. If there is to be a 'bargain,' let there be a 'consideration.' If there is to be a 'sale,' let us have 'value received'--even if paid in 'greenbacks.' If for lack of brains, we are compelled to fall back on an 'outsider,' let us see to it that we get brains."

But if anything shall reconcile positive Democrats to Chase, in any contingency, it is the fact that he is a statesman and civilian, and not a military man, nor yet identified personally with the exercise of violent arbitrary power in the States which adhered to the Union. As to Gen. Dix, we say frankly to the Herald, that he is scarcely less obnoxious than Ambrose E. Burnside. And besides, on the Herald's own theory of the "Union of the Democracy and all the opposition elements," how is such a thing, for a moment, possible, upon the basis of a ticket made up of one candidate from the "War Democracy," and the other from the Republican party? This is but to repeat, in aggravated form, the unspeakable folly of the Philadelphia Convention of 1866.

General Grant and the Old Soldier.

[From the Philadelphia Evening Bulletin.]

During the year 1865, an old soldier named Lemuel Owens, was discharged from the Arsenal in this city, owing to some very abrupt reply he gave to a self-appointed committee who were sounding him upon his politics. As Owens had served twenty-six years in the regular army, and had wound up his term of service on the Peninsula, under McClellan, he would allow no man to question his right to vote, and boasted, too, that he had served in the Fourth Infantry, under Grant, when the renowned chieftain was but a Lintenant.

He told the committee he would go and see General Grant himself about the matter. They jokingly replied, "Do so, old fellow; he'll make it all right." General Grant was temporarily living at Twentieth and Chestnut streets, in this city, and the veteran soldier trudged up with his story to the General's house. He stepped up, rang the bell, and went into the entry-hall. When the servant appeared, and saw an old, sunburned, poorly dressed man, he very promptly asked, "What do you want?"

"I want to see General Grant," was the prompt reply.

"The General's engaged and cannot be seen. Have you a card?"

Just at this moment a little girl appeared, and old Owens said to her, "Sis, run up stairs and tell your pop an old Fourth Infantry man wants to see him."

A message soon came down for the old soldier to come in, when he was ushered into the presence of General Grant. He shook him by the hand, and said, "General, don't you know me?" The General replied that he had seen so many people of late that it was hard to remember them all. Owens told him when he served under him, and that he had been discharged from his work, and that he had lost his eldest son from disease in the war, and his family had nothing to depend upon but his labor. Grant patiently listened to the old soldier's story, and, picking up his pen, wrote a few lines to the effect that Owens should have work as long as he wanted it.

The old man was not long in reaching his former field of labor, armed with the formidable order, and when he presented it, with the signature of the Commander-in-Chief attached, it created much surprise, and the veteran soldier was graciously acknowledged as entitled, thenceforth, to a respectful consideration.

Defection of Judge Chase.

Conversations held with Democrats of this city four years since, showed that he had then, while professedly in the Republican party, claimed and sustained by it, determined to desert it and return to his first love, the Democratic party.

Soon after Mr. Chase's presidential aspirations in the Republican party were blasted by the second nomination of Mr. Lincoln, he represented himself as in accord with the Democratic school, substatially as in the statement to Mr. Bundy. With this determination to desert on his mind, he received, what he did not expect, the appointment of Chief Justice. This did not change his determination, but only delayed his plans. It is now evident that the fatal monomania to be President could not be cured by a place on the bench, where such aspirations are wholly out of place. Mr. Chase began to have closer relations with President Johnson, whose position he so much envied, and his friends in Congress began to be those of the Democratic side. Though he was to be the presiding officer on Impeachment he did not conceal his opposition to it, and to the views of a Republican Congress on the Southern question. When Impeachment became a fact there was no longer an opportunity for equivocation, and the plot was inevitably brought to light.—*Cleveland Herald.*

Miss Josephine Lapham, who has made so successful an appearance before the public of Dayton, this week, as a preacher, is a citizen of Woodstock, Champaign county, and a most intelligent and charming young lady. She is a graduate of Antioch College, a thorough scholar and deep thinker, and unless her great diffidence interfere she is likely to have a successful career. She was ordained as a minister in the Universalist Church about two years ago.

Grant and the Boys in Blue.

Colonel Alleman's address to General Grant, on presenting the resolutions of the Soldiers' Convention at Chicago, was a splendid summary of the duties and objects of his com-patriots. We reprint the concluding remarks:

Our council has ended and you are our chosen chief. You will find the volunteer army in good fighting trim, the ranks filled to their maximum, the commands well officered, and the supplies both ample and excellent. The troops are in the highest state of discipline. There was some defection, but it has all been remedied by the promptness and efficiency of a drumhead court-martial. The necessity wrung bitter anguish from every loyal heart, heaving sighs of ardent hope and breathing silent but fervent prayers to Almighty God that we should never look upon its like again.

We are stronger now than ever—more courageous and more determined. We have taken our position, we have posted our pickets, we have formed our lines, we have protected our flanks, and are supported by millions of militia, with Schuyler Colfax at their head. At your command—"Forward!"—we will move on the enemy's works. Here is our plan of battle (presenting the resolutions); "we will fight it out on this line if it takes all summer," and send the enemy "whirling down the valley." We will charge them in front, storm their breastworks, pierce their centre, flank their strongholds, and take them in the rear, when we will have repeated the familiar summons from our Commander-in-chief: "I demand an unconditional surrender." Our victorious General shall then mount the pinnacle of fame; twice dignified by Washington, twice honored by our Lincoln. We have the honor, sir, to submit the plan of battle.

To which Gen. Grant replied in these significant sentences:

Gentlemen of the Committee of Soldiers and Sailors: I will say that it was never a desire of mine to be a candidate for any political office. It is a source of gratification to me that I have the support of those who sustained me through the great rebellion which we have passed. If I did not feel I had the support of those I would never have consented to be a candidate. It was not a matter of choice with me, and I hope, as I have accepted, that I will have your aid and support, from now until November, as I had it during the rebellion.

Postal Money Orders.

The Postal Committee of the House will shortly report a bill in favor of changing the postal money order system, so that orders will be issued for any amount from $1 to $50, for the first $20 a fee of 10 cents; from $20 to $30, 15 cents; from $30 to $40, 20 cents; $40 to $50, 25 cents.

Also, a provision to all weekly newspapers to be deposited in the post office nearest to the office of publication, and delivered free of postage to regular subscribers at the office, but not to be served by carriers.

Also, a provision to return all letters to writers free of postage, when any card or address is upon the outside of the letter, and when such letters are called for within 30 days.

The quantity of crude oil now stored in tanks at Petrolia, Canada, is 170,000 barrels—equal to the whole consumption of the province for a year and a half. The production has been greatly in excess of the demamd, and the price has consequently declined below the cost. A number of the refineries have already closed, or are about to do so, and four-fifths of the wells have suspended operations. Last winter the selling price for crude oil was only forty cents per barrel, and for refined, ten cents per gallon.

SECURITY AND COMFORT FOR THE TRAVELING COMMUNITY.

J. B. HARRIS' SAFETY FIRE JACKET,

Car Heater and Moderator,

For SMOKE AND HOT AIR FLUES, dispensing with the use of Stoves and Fires in or about the Passenger or Baggage Cars, with the attachment to graduate the heat to any temperature that may be desired without the possibility of firing the car or cars to which the Jacket may be attached.

Having obtained of the United States Letters Patent for a Safety Jacket which is warranted to resist the most intense heat that may be applied to it in the position and purpose for which it is intended. It is a sure protection from accidents by fire, originating from defective flues, or where iron pipes are used as conductors for smoke or heat. It is applicable to all piping that may become overheated, and is warranted to give perfect satisfaction where wood or other combustible material may be placed in close proximity thereto. I am now ready to apply my invention to stores, dwellings, factories, ships, steamboats, railroad cars, &c., wherever pipes as conductors are made dangerous by being overheated and security desired. I will sell, on application, rights to manufacture or to use the above invention; also, territorial rights, to such as may wish to engage in selling privileges, either by State or county.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Methodist Church, Fifth street, next door to GAZETTE office.

EPISCOPAL CONVENTION.

The Admission of All Saints Church—Question Postponed—Trustees to the General Theological Seminary—Visit to Dixmont—Election of Officers—Adjournment till June 9, 1869.

THIRD DAY—MORNING SESSION.

The Convention met at nine o'clock A. M., Bishop Kerfoot in the chair.

An hour was spent in devotional exercises, after which the Convention was called to order. The minutes of the sessions of the preceding day were read, corrected and approved.

The Secretary was instructed to call the names of clergy and lay deputies, who had failed to answer at any of the previous sessions of the Convention.

The Chair announced that under the rules the unfinished election, which was postponed from yesterday afternoon, would be taken up.

Gen. Howe suggested that the Chair should change its ruling on the matter in regard to the election. He thought that the question of the admission of All Saints church had been made the special order, and thus had priority over the unfinished election.

The Chair declined to change the ruling, upon which F. M. Hutchinson, Esq., moved that the unfinished election be further postponed, and that the subject under discussion at the time of adjournment yesterday afternoon, the admission of All Saints church, be resumed.

A two-thirds vote being necessary, a division was called, when forty-eight voted for the motion and fourteen in opposition thereto. So the motion prevailed.

The chair then announced that the question now before the Convention was the admission of All Saints church.

Rev. Mr. Purdon, from Titusville, thought the question was a grave matter, and one that demanded earnest consideration on the part of every member of the Convention. He was in favor of postponing the vote on the question of admitting the Parish until the next meeting of the Convention. By that time every member, laity as well as clergy, would have an opportunity to examine into the matter.

Rev. Joseph Wilson, of East Liberty, was opposed to the postponement of the vote. He thought that the matter should be decided at once. He was educated in the same school of which All Saints Parish is the exponent, and he boldly asserted that the technicalities by which the practices in that church were reconciled to the Book of Common Prayer were false. He thanked God that he had emerged from that school, and he was endeavoring to labor for the welfare of the Church. It would not do to admit the parish on the plea that they used the Prayer Book with their own interpretation. Under the same plea Roman Catholic parishes or parishes of any other denomination could demand admission. The question is one of self-preservation and should be met promptly.

Judge Barrett, of Clearfield, said he would favor the postponement of the vote. He regretted that the proposition to refer the whole matter to a Committee had not been adopted. As the next best thing he should vote for the postponement, and if that failed he should feel compelled to vote directly against the admission of that Parish. If the practices alleged in regard to the Church be true in point of fact, his duty as a Churchman, his duty as a member of the Protestant Episcopal Church would be plain. He should vote to exclude them.

Rev. Mr. Karcher, of Rochester, said he loved the Episcopal Church as he loved his God. He considered the Episcopal Church the Holy Catholic Church, and he recognized the Roman Church, though erring, and the Oriental Church as branches of the Church. He hoped to see a union of the branches. We could not expect to see the Roman Church or the Oriental Church to come all the way to the Protestant Episcopal Church of America.

The gentleman was proceeding with his remarks when a member called for the order of the day.

Mr. E. S. Golden moved that the gentleman be allowed five minutes to conclude his remarks, but the Convention declined to grant the request.

The Bishop stated that the order for the day was the vote on the question of postponing the vote on the admission of All Saints Parish until the next meeting of the Convention.

The vote was taken by orders, and resulted as follows: Clerical—ayes, 21; nays, 17. Lay—yeas, 19; nays, 7.

The question was accordingly determined in the affirmative by a majority of both orders.

The Chair announced that the next business in order was the election of officers for the Convention.

General Howe stated that he had been nominated on the Finance Committee. He asked leave to withdraw his name and suggested that the name of Malcolm Hay, Esq., be placed in nomination. The request was granted.

The Chair appointed the following tellers to conduct the election: *Clerical*—Rev. Messrs. Nevens and Slatterly. *Lay*—Messrs. Geo. R. White and T. K. McKnight.

While the counting of the ballots was in progress, the special committee to which was referred the topics in the last annual address of the Bishop, submitted a report which was received and adopted.

The Committee appointed on the Fund for the Relief of Clergymen submitted a report. The report was adopted and the Committee relieved from any further consideration of the subject.

The annual report of the Standing Committee of the Convention was submitted and adopted.

The Committee on the State of the Church was presented, and on motion the rules were suspended to enable the Committee to hand in their final report after the adjournment of Convention.

Rev. Mr. Scarborough, from the Committee appointed to nominate Trustees to the General Theological Seminary at New York, reported the following: *Laity*—J. H. Shoenberger, General G. W. Cass, B. B. Vincent. *Clergy*—Revs. Jos. D. Wilson, H. H. Loring, M. A. Tolman, Jos. P. Taylor.

The report was adopted and the nominations approved.

Josiah King, Esq., offered the following resolution, which was adopted:

Resolved, That such portion of the fund contributed for the relief of clergymen and the widows and orphans of clergymen as the respective contributors may not, before the next Convention, ask to be refunded, shall be invested by the Finance Committee, as a nucleus for a fund for the purposes aforesaid, to be hereafter enlarged; and that it be the duty of the Standing Committee to correspond with the contributors with a view to secure their sanction.

Rev. Mr. Wilson, of East Liberty, offered a resolution authorizing the appointment of a committee of three to take into consideration the propriety of securing a residence for the Bishop. The resolution was adopted, and the Rev. Mr. Wilson and Messrs. E. S. Golden and T. M. Howe were appointed.

The Standing Committee on the admission of Parishes submitted a supplemental report, which was adopted.

At one o'clock the Convention adjourned to meet at seven o'clock this evening.

The members of the Convention will visit Dixmont this afternoon. A special train will be provided by General Cass, President of the Pittsburgh, Fort Wayne and Chicago Railway Company.

EVENING SESSION.

The Convention re-assembled at half past seven last evening and was called to order by the Bishop.

Mr. Golden offered a vote of thanks to the rector, vestry, wardens and sexton of Trinity Church. Adopted.

Rev. Mr. Killikelly offered a resolution thanking the Bishop and people of Pittsburgh for their kind and liberal entertainment of the members of the Convention, which was adopted.

Mr. Howell offered a resolution which was adopted, thanking the authorities of the Dixmont Hospital and House of Refuge for kindness shown them during their visit this afternoon.

Rev. Mr. Scarborough moved that Revs. Ten Broeck, Byllesby and Parker should be appointed to assist the Bishop in endeavoring to render the services of future Conventions more interesting. This was adopted with the addition of Rev. John Scarborough to the committee.

Gen. Howe offered the following additional rule of order, which was unanimously adopted:

"That in the elections by ballot where there shall be a failure upon the first trial to elect—the balloting shall, upon the second trial, be confined to the three candidates having received the largest number of votes, and upon a failure to elect upon the second trial, the balloting shall, upon the third trial, be confined to the two candidates having received the largest number of votes upon such second trial."

A motion to reconsider this was made and lost.

Rev. J. D. Wilson, of Calvary Church, rose to make a personal explanation. In his remarks made during the morning, he had been understood to reflect on the General Theological Seminary. Nothing was farther from his thoughts; he referred to the school of thought, in which he had been educated.

The report of the tellers of the election was then read. The whole ticket not being elected, a second ballot was taken to fill the ticket. A third ballot proved necessary.

The result was as follows:

Standing Committee.—Revs. Thos. Crumpton, John Scarborough, J. D. Wilson, John H. Shoenberger, Esq., Gen. George W. Cass and Hill Burgwin, Esq.

Finance Committee.—Malcolm Hay, Esq., Thomas J. Brereton, Esq., Josiah King, Esq., E. S. Golden, Esq., and W. H. Byram, Esq.

Deputies to General Convention—Revs. John Scarborough, Morrison Byllesby, William White, John F. Spaulding, John H. Shoenberger, Esq., Gens. Geo. W. Cass, Thos. M. Howe, B. B. Vincent, Esq.

Supplemental Deputies—Revs. Wm. P. Ten Broeck, Marcus A. Tolman, R. D. Nevins, R. H. Loring, Hon. Gaylord Church, Alfred Howell, Esq., Benj. Grant, Esq., Josiah King, Esq.

Treasurer of Episcopal Fund—Malcolm Hay, Esq.

Treasurer of Christmas Fund—Joseph H. Hill.

Treasurer of Convention Fund—Geo. T. Van Dorn.

Mr. Felix R. Brunot proposed a resolution to be referred to the Committee on Canons, that in consideration of difficulties likely to arise from misunderstandings on the subject, the limits of parishes shall be confined to the church property and houses occupied by members of the church in each parish. It was laid on the table.

Rev. Ten Broeck, of St. John's, Lawrenceville, moved that when the Convention adjourns, it adjourn to meet in Trinity Church, Pittsburgh, on June 9th, 1869.

Mr. Scarborough, rector of Trinity Church, seconded the motion, which was carried unanimously.

Mr. Golden moved that the report of the Finance Committee made to the Convention of 1867 be given to the Finance Committee for revision and correction.

Rev. Wm. White offered preambles and resolution as follows:

WHEREAS, The support of the Episcopate is drawn from two sources, the interest of the endowment fund and assessments on all the Parishes of the Dioceses. *And Whereas*, All those Parishes were rated according to their several abilities for this fund by a Committee of this house from a schedule given by the Bishop of Pennsylvania, and but a portion of the Parishes have as yet come up to what was reasonably to be expected, and the rest overlook or neglect the matter; *And Whereas*, It is manifestly unfair to assess those who have contributed to the fund for the support of the Episcopate and those who have not contributed to be assessed alike; therefore,

Resolved, That the interest on the sums at which the non-contributing Parishes were rated at for the endowment fund be assessed on these Parishes until said sums be raised and made available, and that the deficiency still needed be assessed on all the Parishes.

In order to fill a vacancy in the Standing Committee seven ballots were necessary, but finally the ticket given above was decided upon.

It was resolved that four hundred copies of the proceedings of the Convention be printed and distributed among the members.

The Rev. R. S. Smith, of Uniontown, was unanimously elected Registrar of the diocese.

The Bishop then closed the exercises by a short, eloquent and feeling address, after which the Convention adjourned until June 9th, 1869.

Accidental Shooting of a Worthy Lady.

Yesterday a very estimable lady, named Mrs. Ellen Hook, residing at No. 148 Grant street, was accidentally shot by a boy named William Welsh. Three lads were indulging in target practice with a small pistol, in a vacant lot in the rear of Mrs. Hook's residence. The target was pinned to the fence. The unfortunate lady received the bullet in her right side, which was fired by Welsh and passed through the board fence. Assistance was immediately rendered and the wounded woman was conveyed into her residence. Dr. McMeal, whose office is adjoining, was called in and rendered every assistance in his power, but expresses little hope of the recovery of the patient. The slug penetrated the lower portion of the right lung and cannot be extracted. The internal bleeding seems to be very profuse, and the unfortunate woman suffers intensely. The three boys were arrested by Chief Green and officer McCready, and are now in the lock-up. Mrs. Hook is a widow, and has four young sons. She is quite anxious that the boys should not be punished, attributing the accident to their carelessness and ignorance.

Fatal Accident.

An accident occurred on the Pennsylvania Railroad, near George's Station, Westmoreland county, Wednesday night, resulting in the death of a son of Mr. Geo. Fortune, of this city. The deceased was a brakeman on a freight train on the road, and some time after the train passed the place mentioned, he was found lying beside the track quite dead. At first it was stated that he had been thrown from the train by striking a bridge, but it has since been ascertained that the bridge is some distance west of the spot where he was found, so that it is probable that he slipped and fell from the train. He was about twenty-one years of age, and his family and friends have the sympathies of all. The remains were brought to this city last evening, and the funeral will take place from the residence of the parents, No. 203 Second street, to-morrow afternoon at three o'clock.

The concert of Prof. J. R. Bukowitz at Lafayette Hall, last evening, was largely attended, and the scholars gave evidence of rare skill and ability, affording a highly creditable entertainment. We congratulate Prof. Bukowitz on the proficiency of his pupils, and trust soon again to be favored with a similar delightful entertainment under his auspices.

District Court Argument List.—The argument list of the District Court will be taken up on Monday next, and jury trials will not be resumed until all the cases on the list are disposed of.

ALLEGHENY COUNCILS.

Regular Semi-monthly Meeting—Petitions and Communications—Reports of Committees.

A regular semi-monthly meeting of Allegheny Councils was held Thursday evening, June 11th.

Select Council.

Members Present: Messrs. Black, Brown, Callery, English, Gang, Gwinner, Jahn, Krebbs, Motheral, Myler, J. C. Patterson, A. Patterson, Phillips, Riddle, Reiter, Wm. Smith, A. D. Smith, Weise, Wettach, and President McBrier.

On motion of Mr. Gang the reading of the minutes was dispensed with.

Mr. Riddle presented a petition from the citizens of that portion of McClure township, annexed to Allegheny city, asking the appointment of a Committee to confer with the directors of the Perrysville Plank Road Company, relative to having the toll gates removed from the city limits. Referred to the Committee on Streets.

Mr. English presented a petition for a gas lamp at Hazleps, alley and Locust street, Referred to the Committee on Gas.

On motion of Mr. Riddle, Mr. Brown was allowed to present certificates of the election of new members to Councils from the 8th ward.

Mr. Motheral objected to the reading of the certificates.

A motion to read them was voted down.

REPORT OF THE COMMITTEE ON STREETS.

Mr. Myler, from the Street Committee, presented the following report:

GENTLEMEN—Your Committee on Streets would respectfully report that by the provision of an ordinance passed in 1867, the salaries of assistants in the engineer's office are to be paid by the Committee on Streets, subject to the approval of Councils. Having, pursuant to the provisions of said ordinance, fixed the salaries of said assistants for this year at $75, $80 and $110 per month, we would offer the following resolution to obtain your approval:

Resolved, That the action of the Committee on Streets in fixing the salary of the first assistant of the engineer at $110 per month, that of the first rodman at $80 per month, and that of the second rodman at $75 per month, be and it is hereby approved.

Your Committee had before them a petition for the widening of Jackson street, from Pasture Lane to Monterey street.

After a careful consideration of the subject, they would report the accompanying resolution to widen the street from Pasture lane to Shields alley.

The resolution for the opening of Fulton street, from Western avenue to Bridge street having been referred back to them, they again considered the question of opening the street, and now report adversely thereto. They would also report adversely to the petition for the opening, grading and paving of Fayette street. A remonstrance numerously signed was submitted to them. They also have before them the resolution for iron culverts on North avenue, to which they would report adversely, as they believe the same to be unnecessary.

In compliance with petitions for the same, ordinances are submitted herewith for the grading and paving of Peach and Spring alleys and Beech and Shields streets and the grading of Buena Vista street. Remonstrances to the paving of Shields street and Spring alley were before the Committee, but they were constrained to disregard them, as they believe it necessary that said street and alley should be paved.

An ordinance is submitted empowering the Committee to contract with Messrs. Smith & Orr for the grading and paving of certain streets in the Eighth ward, and also to contract with Mr. F. P. Howley for the grading and paving of Bank Lane, in said ward. Before the annexation of Duquesne Borough (now the Eighth ward) to the city, contracts were entered into with these gentlemen by the borough authorities for the work mentioned. After annexation the borough law became inoperative and the contract could not be carried out, and this ordinance is now reported to carry out in good faith under the city law their contracts.

In the matter of the petition for a foot walk on the Butler Plank Road, your Committee have to report that they have instructed the Street Commissioner to repair that portion of said sidewalk in front of the water basin property, and to notify all property owners on the line thereof to repair the same in front of their respective pieces of property, and in case of the neglect to do so, that he do the work and charge it to them.

They duly considered the resolution relative to the widening of McFadden street and report back a resolution to widen the same.

They report an ordinance to grant the prayer of the petitioners for the grading of Fairmount street of a width of forty feet instead of sixty feet, as originally intended.

They report adversely to the petition for a lower grade on Walker street than that reported by the City Engineer, and would recommend the adoption of the grade reported. Mr. N. B. Hogg, of the Fourth ward, having been assessed for the cost of constructing the canal sewer on a larger lot of ground than he actually owned, and on a piece of property that is now claimed by the West Penna. R. R., we submit an ordinance to authorize the payment to the contractors the amount he is over-charged out of the City Treasury, that being the only method by which the money can be obtained, as the Penna. R. R. Company was released from the payment of an assessment by the payment of a fixed sum, and as it is now impracticable to assess the amount *pro rata*, on the other property assessed for cost of construction.

The report was received and the resolutions adopted.

The ordinances referred to in the report were then taken up and passed, under a suspension of the rules for that purpose, with the exception of the ordinance providing for the paving of Fairmount street, which was referred back to the Committee, and the ordinance relative to the grading and paving of Beech street which was laid over.

Mr. Gang moved that the vote adopting the ordinance to grade and pave Spring alley be reconsidered. Adopted.

REPORT OF THE WATER COMMITTE.

Mr. Brown, from the Committee on Water, presented the following report:

GENTLEMEN:—Your Committee on Water desire to report that they had before them petitions for water on Park and Sturgeon streets, Lane Alley, Beech and Balkam streets, to all of which after due consideration they would report adversely.

They also had before them petitions for water on Page street and Allegheny avenue from Hamilton street to South avenue, and for a fire plug on the corner of Perry street and Red Oak alley. They would report adversely to the first named petition, but in order to supply the school house for the Fifth ward, which was one of the objects of said petition, they would recommend the laying of the water pipe on Fulton street. They would recommend also that water pipes be laid on Allegheny avenue but only from Rebecca to Jalappa streets, also the erection of the fire plug, and to carry out these recommendations, would offer the following resolutions:

Resolved, That the Superintendent of the Water Works be, and he is hereby directed to lay a —— inch pipe on Fulton street, from Fayette street to the site of the School house to be erected on said street, and a —— inch pipe on Allegheny avenue, from Rebecca to Jalappa street, and also to erect a fire plug on the corner of Perry street and Red Oak alley.

Mr. Myler submitted the profile of the grade on Henderson street, as prepared by the Regulator, and moved its adoption.

The yeas and nays were called for and resulted in the adoption of the grade by a vote of 14 to 6

Mr. Myler also submitted the profile of grade on Jalappa street, which was adopted.

Mr. Brown moved that the report of the Committee on Sewerage, laid over at the last regular meeting, be taken up. The motion was adopted.

Mr. Brown moved that the report of the Committee be adopted, and called for the previous question, which prevailed.

The question recurred on the adoption of the report, when the yeas and nays were called for, and a vote being taken the report was adopted by a vote of 13 to 7.

Mr. A. D. Smith offered a resolution providing for the election of a Board Measurer in the Eighth ward.

Mr. Callery moved to amend the resolution by recommending the election of those parties now holding the position.

The amendment was accepted and the resolution adopted as amended.

Larceny by Bailee.

Samuel Ladge made information before Justice Ammon, of East Birmingham, yesterday, charging William Calligan with larceny by bailee. The parties were working at the American Iron Works, Brownstown, "level handed," one man drawing the money for the week's work and dividing it equally between them. Calligan, it appears, drew the money for last week's work, amounting in all to $140, and left without dividing with his partner. It was ascertained that he had gone to Butler, and a warrant was issued and an officer dispatched for him.

Personal.—Mayor Blackmore, having been absent from the city on a visit to the east, returned yesterday morning and resumed the duties of his office. The atmosphere of the Atlantic slope has improved his appearance wonderfully. The business of the office was ably and efficiently conducted by Alderman Joseph A. Butler during His Honor's absence.

Burglaries.

John Myser's beer saloon, Third street, Allegheny, was entered by burglars on Tuesday night. They obtained two or three dollars in change. The saloon of Mike Hook, at the corner of Long alley and Chestnut street, was next entered, but the thieves failed to realize even as much as at the previous house. From Hook's saloon they seem to have proceeded to a beer saloon on O'Hara street, between East Lane and Chestnut street, kept by John Stitz. An entrance was effected, and some fifty dollars in money and a valuable silver watch, which had been left in the money drawer, were carried away. The robbers also entered the sleeping apartments occupied by Mr. Stitz, and secured his pants, which were found on the street next morning. There is no clue to the perpetrators.

The members of the Beaver Street M. E. Congregation, Allegheny, Rev. J. W. Baker, pastor, propose to make extensive improvements on the church building. The work will be commenced in the course of a few weeks. The entire interior of the main auditorium will be repainted, the walls and ceiling frescoed, new carpets laid down, and such other improvements will be made as are necessary to make the edifice present a handsome and comfortable appearance. A festival will be held during next week in the church, the proceeds of which are to be given to the improvement fund.

Till Robbery.—Thursday morning the money drawer in James Sherridan's establishment, on Diamond Alley was robbed of $60 in greenbacks and script, and Connil Nally, who had been hanging around the place, was suspicioned, and information was made at the Mayor's office. The accused disappeared, and yesterday morning it was ascertained that he had gone to Connellsville. An officer was dispatched to bring him back.

Inquest.—Coroner Clawson yesterday held an inquest on the body of Mr. A. B. Muzzy, whose death by accident at the Federal street crossing of the P., Ft. W. & C. Railroad we recorded yesterday, which resulted in a verdict of accidental death. The deceased was about thirty years of age and unmarried. The body was removed to the house of Mrs. Craig, on Sedgwick street, Allegheny, where deceased formerly boarded.

Progressing.—The work of laying the track for the Pleasant Valley Passenger Railway, in Allegheny, is progressing finely. The workmen have already reached the middle of the Commons on Federal street. The track will be double from the City Hall to North avenue and Monterey street, and from that point to the Pleasant Valley terminus a single track will be laid, with the necessary sidings and switches.

The Select Excursion party on Wednesday evening aboard the steamboat Bennett, Capt. Cox, was a delightful affair, the elite of the young society of the city participating. The boat proceeded to McKeesport and turning, laid up at Port Perry till morning, affording all ample time to trip the light fantastic toe.

Cleaned and Repaired.—The upper basin has been under repairs during the past few days and is now completed. It was thoroughly cleaned out and quite a difference is noticeable in the water supplied our uptown people. We learn that workmen will at once commence work in the lower basin and prepare it for the coming summer.

Abusing a Horse.

Information was made before Alderman McMasters yesterday, by A. McMillan, proprietor of a livery stable, charging George Roderick and B. P. Doran with abusing a horse and breaking a buggy which they had hired from him. It is alleged that they hired the horse and buggy, which were both in good condition, and went with them to Trov Hill. There, it is claimed, the defendants became intoxicated, and drove furiously and recklessly in various directions. One of them said he had won the horse at a raffle and was going to kill him. When they returned to the stable the buggy was badly damaged, and the horse, it is said, is utterly ruined. Warrants were issued.

Into the valley of Death,
Rode the six Hundred."

But larger, by hundreds multiplied into millions, than the doomed band who rode to swift destruction, in Tennyson's poem, is the great cavalcade of unhappy men who are rushing to untimely graves, followed by the gaunt spectre Dyspepsia. This is all wrong, and should cease. Plantation Bitters, the great Stomach Pain Killer, cures Dyspepsia, Heartburn, Headache, Vertigo, Dullness, and all symptoms of kindred character, as if by magic. For Languor, Lassitude, Great Weakness and Mental Depression, they have a most wonderful effect.
